+ on Saturday of the ACC Baseball Tournament, the match-up between the four remaining teams is determined by previous opponents. If teams have played previously in the tournament, every attempt will be made to avoid a repeat match-up between teams, regardless of seed.

If it is impossible to avoid a match-up that already occurred, then the determination is based on avoiding the most recent, current tournament match-up, regardless of seed.

If no match-ups have occurred, the team left in the winners bracket will play the lowest seeded team from the losers bracket.

** denotes estimated start time.*

If the winner of Game 12 loses in Game 13, that team will receive a bye to Game 16 and will play the winner of Game 15 for the title.
