

ACC Men's Basketball Tournament Television Syndication Schedule

The stations included in this listing will be the ONLY carriers of the ACC Men's Basketball Tournament in their respective markets.

Please note that even though the ACC Tournament will be airing on ESPN and ESPN2, the ESPN and ESPN2 broadcasts WILL BE BLACKED OUT in these markets where we have a local TV station covering the event. The ESPN telecasts will mainly be available outside of the ACC region and wherever we DO NOT have local coverage inside the ACC footprint.

Please also note that ESPN and ESPN2 may be advertising in the markets that they are televising the tournament. However, the blackouts will still apply where Raycom/JP has local coverage.

Please reflect this in your listings.

FRIDAY, MARCH 12
