ACC Men's Basketball Tournament Local Television Syndication Schedule

The stations included in this listing will be the carriers of the ACC Men's Basketball Tournament in their respective markets.

Please note that even though the ACC Tournament will be airing on ESPN and ESPN2, the ESPN and ESPN2 broadcasts **WILL BE BLACKED OUT** in these markets where we have a local TV station covering the event. This also includes ESPN HD and ESPN2 HD. The ESPN telecasts will mainly be available outside of the ACC region and wherever R/JP **DOES NOT** have local coverage inside the ACC footprint.

Please also note that ESPN and ESPN2 may be advertising in the markets that they are televising the tournament. However, the blackouts will still apply where R/JP has local coverage.

Please reflect this in your listings. Or list local station first, then ESPN/ESPN2.

All times listed are Eastern (ET).

THURSDAY, MARCH 9
