

Boston College head coach Ed Kelly:

“It was a good game. I thought that we did very well on the defending side. We shut out Cole [Grossman] and [Ryan] Finney. I thought that part when very well. We had several injuries so we had a lot of guys on the bench but we didn’t really have a lot of guys who played a lot on the bench.

It was a tough battle for both sides, but it is what it is. But as a New England team we are probably used to it a little more.

(We are going) to go get a steak, get dry and just enjoy the day - and then we don’t care who wins here.”
