

Wake Forest Head Coach Jay Vidovich:

“Next game we are just going to turn around and regenerate. Get ourselves ready to play Virginia. Obviously, they beat us in the regular season so --- but that’s something we’re used to so about every Friday night of the ACC tournament is Wake Forest-Virginia so we’ll see if we can, turn the tide here.”

“It’s difficult, I think you go into tournament play where when you lose you’re eliminated and I think Clemson had a little bit going on in the beginning, they had already won a game and they got to feel what its like. It took us a while to set up the game and I think after getting the first goal that we could finish the rest of the game.”

“Well sure it’s a pretty miserable night but the fields are fantastic, I mean, you can’t ask for more than to have the – I don’t know how much water dropped here over the night, but the conditions are fantastic and it still allowed us to play soccer.”

AJ: Well it hasn’t been such a terrible night with the win huh?

“No, no, not a terrible night... we’ll take the win.”
