Clemson Head Coach Phil Hindson

On Clemson's game performance...

"I'm very happy for the guys. It prolongs the season another day and we'll see what happens tomorrow. It was a good performance and they worked really hard. We're just happy to move on."

On playing Wake tomorrow...

"They're an exceptional team and they do an incredible job with their program. We'll try and get some rest and get the guys as healthy as we can and see what we can do."

Virginia Tech Head Coach Michael Brizendine

On Virginia Tech's game performance...

"I thought it was a game where both Clemson and Virginia Tech had multiple opportunities, and we knew whoever capitalized first would have the best chance of winning this game. Unfortunately, it wasn't us. They got the first goal. I give credit to Clemson and Phil for what they have done, and I wish them the best of luck."
