#1 CONNECTICUT vs. #5 OLD DOMINION

CONNECTICUT STUDENT-ATHLETE QUOTES
GREENSBORO REGIONAL

SENIOR GUARD KEITA SWAINER

On responding to ODU at beginning of second half

"I think the difference after she (Moore) hit the three was (that) we were more patient on offense and we were running through our plays well. People were getting open and, like you said, Maya was hitting the open shots."

JUNIOR GUARD RENEE MONTGOMERY

On responding to ODU at beginning of second half

"I think that we got some more fast break points. We started boxing out and getting the first rebound. A lot of times, they were getting the offensive rebounds and just pulled us back in our breaks, getting easy looks. Once we started getting rebounds and getting out on the break we got a lot more easy shots."

On defending Tiffany Green

"She was tough in the post. Everything she did was just really aggressive. She went after every rebound. Every time she caught the ball in the lane she was going to get to the basket. She didn't care if she was going to get a charge or not. She was just tough to guard. I think she did a get job. She was aggressive every time she caught the ball and every time the ball went up on the rim."

On defensive strategy against Jordan and Williams Question

"Our strategy was the same as every other game. We really just don't want to give people open looks, especially if you know they are a shooter. We don't want them doing what they feel comfortable doing. So our strategy was the same as every game. We come in and try to make people do things they're uncomfortable with or things they are not great at."

On the end of the game Question

"It's the NCAA tournament and nobody is going to lay down and die. I think that's what happened. Usually at the end of the game, stuff just starts flowing and (we) start getting a lot of easy baskets. But this is the NCAA tournament and no one is going to lay down and die. I think they showed that they fought till the buzzer. They didn't give up or just let us score and run our offense. They played hard until the buzzer went off and I commend them for that."
