THE ACC IN THE NCAA TOURNAMENT: 1983-2007

NCAA Tournament Notes

-In the 27 years of NCAA Championship competition, ACC teams have captured 13 national titles, including 11 of the last 15 and six in a row.

-North Carolina's appearance in this year's national championship game marked the ninth straight year in which the ACC has placed at least one team in the final. In all, the ACC has been represented in the championship game in 14 of the last 15 years, and 18 times in NCAA Tournament history.

-In 25 all-time appearances in the NCAA Tournament title game, ACC teams are 13-12.

-Now with five national titles North Carolina is one of only three teams to have won at least four NCAA national championships. Old Dominion (9) and Maryland (5) are the two others.

-In 2007, five ACC teams earned births into the NCAA Tournament for the third year in a row and just the fourth time in league history.

-With six teams in the top 20, the ACC was the only conference in the nation to end the season with more than four ranked teams. The Big Ten (4) was next, followed by the Big East (3), the America East (2) and the Colonial (2). No other conference had more than one ranked team 2007's final poll.
