2017 MEDIA GUIDE

MOUNTAIN WEST CONFERENCE

THIS IS THE MOUNTAIN WEST

From its inception in 1999, the Mountain West has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MW continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. Now in its 18th year, the MW has been assertive in its involvement with the NCAA governance structure and has taken a leadership role in the overall administration of intercollegiate athletics.

The Mountain West has marked several achievements during its first 17 years, most notably becoming the first to establish a sports television network dedicated solely to an intercollegiate athletic conference (The Mtn.). The Mountain West also was the first to experiment with the coaches' challenge in the college football instant replay system, and was the first non-automatic-qualifying BCS conference to participate in four BCS bowl games, winning three. In the inaugural year of the new College Football Playoff system, Boise State earned the automatic slot into a New Year's Six bowl game as the highest-ranked champion from the Group of Five 5 conferences. The Broncos defeated then 10th-ranked Arizona 38-30 in the VIZIO Fiesta Bowl. In 2011-12, the Mountain West was among the first conferences to implement a league-wide state-of-the-art basketball instant replay system.

Changes in the NCAA governance structure set the table for another Conference first, when two members of the MW Student-Athlete Advisory Committee (SAAC) were included in the June 2014 meeting of the Mountain West Board of Directors. New Mexico track and field athlete Kendall Spencer, the national chair of the 2014-15 NCAA Division I Student-Athlete Advisory Committee, and Air Force Academy volleyball player Emma Dridge joined the BOD members in this historic meeting to advance the discussion on student-athlete involvement in the NCAA and MW governance structure. During the last two academic years, MW student-athletes participated on monthly membership calls and have joined MW administrators in the annual Joint Council Spring Meetings in Arizona.

The Mountain West is well-represented within the new NCAA governance structure, including individuals who were appointed to serve on committees tasked

with managing the day-to-day business of Division I athletics. San Diego State President Elliot Hirshman currently sits on the DI Board of Directors, while MW Commissioner Craig Thompson and New Mexico Director of Athletics Paul Krebs are members of the DI Council. Kendall Spencer, the former chair of the DI Student-Athlete Advisory Committee and UNM track & field athlete, was the first student-athlete in the history of the organization to serve on the Division I Board.

Additionally, the Mountain West was the first conference to have a member institution with No. 1 overall picks in both the NFL and NBA drafts in the same year (Utah's Alex Smith and Andrew Bogut, re-

spectively in 2005). With UNLV's Anthony Bennett claiming the No. 1 pick in the 2013 NBA Draft, the Mountain West is one of three conferences to have multiple No. 1 NBA draft selections since 2000. Also, with San Diego State's Stephen Strasburg earning the No. 1 pick in the 2009 MLB Draft, the Mountain West is one of two conferences to have the No. 1 selection in each of the NFL, NBA and MLB drafts since the MW was founded in 1999.

The Mountain West is noted for its geographic diversity. Some of the most beautiful terrain and landscapes in the nation can be found within Mountain West boundaries, including the majestic Rocky Mountain range, which borders five MW institutions (Air Force, Boise State, Colorado State, New Mexico and Utah State). The high plains of Wyoming (elevation 7,220 feet – the highest Division I campus in the nation) contrast with the desert cities of Las Vegas and Reno, home to UNLV and Nevada, respectively, while Fresno State, San Diego State and San Jose State add a West coast influence with their locations in Central, Southern and Northern California. The inclusion of the Hawai'i football program extends the Mountain West footprint to the beautiful islands in the Pacific Ocean, while the addition of the women's soccer program at Colorado College gives the MW an additional presence in the Rocky Mountains.

MW COMMISSIONER CRAIG THOMPSON

Craig Thompson was the Mountain West Conference's first employee when he was named Commissioner on Oct. 15, 1998. Ever since, Thompson has navigated the Conference through the ever-changing landscape of intercollegiate athletics. As the league enters its 19th season of competition in 2017-18, Thompson continues to create and improve the opportunities for Mountain West institutions and student-athletes to be successful both academically and athletically.

Since the Mountain West opened its doors on January 4, 1999, Thompson has been committed to excellence in intercollegiate athletics, while promoting the academic missions of its member institutions. Progressive in its approach, the MW has flourished under the guidance of Commissioner Thompson and continues to cultivate opportunities for student-athletes to compete at the highest level, while fostering academic achievement and sportsmanship. He has been instrumental in negotiating nearly \$300 million in television revenue and has been an innovator in the postseason bowl structure as MW teams have participated in six inaugural bowl games.

As conference realignment spread throughout the collegiate landscape, Thompson positioned the Mountain West for the future with the additions of Fresno State and the University of Nevada on July 1, 2012, and San José State University and Utah State University on July 1, 2013. The University of Hawai'i also joined the league as a football-only member on July 1, 2012, while Colorado College became a member in women's soccer on July 1, 2014.

Thompson's leadership and vision have helped the conference enhance its television revenue and exposure through revolutionary agreements with CBS Sports Network and ESPN, and becoming the first major collegiate athletic conference to launch a dedicated sports channel featuring exclusive programming around its athletic programs, as well as conference news. In the summer of 2006, the centerpiece of this historic relationship was realized with the launch of The Mtn. – MountainWest Sports Network – the first sports network dedicated to serving a single collegiate athletic conference. The Mountain West was also one of the first conferences to develop its own digital network. The Mountain West Network, powered by Campus Insiders, continues to expand and enhance the league's profile through live-event streaming and on-demand content.

Thompson has been instrumental in strengthening the position of the Mountain West in the college football landscape – both in the previous Bowl Championship Series (BCS) format and in the current College Football Playoff (CFP) structure. In 2006, he spearheaded an effort that resulted in better access for the MW and more than doubled the annual BCS revenue on an annual basis for non-automatic-qualifying conferences. The MW has been steadfast in its efforts to find a way to make the collegiate postseason football system fair for all universities. Through its first 17 years of competition, the Mountain West has participated in 76 bowl games, amassing a 42-35 (.545) all-time record in those contests.

Thompson is an integral part of the national landscape in intercollegiate athletics, holding many prestigious NCAA posts. He currently sits on the NCAA Division I Council and CFB Management Committee. In addition, Thompson is a member of the

College Football Officiating Board of Managers, LLC. He also has served on the NCAA Division I Men's Basketball Committee (1995-2000) and was appointed Chair of the committee in July 1999, completing his term September 1, 2000.

Over the tenure of his career, Thompson has been a member of the Executive Committee and the Director's Cup Committee of the National Association of Collegiate Directors of Athletics (NACDA), as well as the governing NCAA Council and various Council subcommittees. He has also played a prominent role in hosting numerous men's and women's NCAA postseason basketball tournaments in St. Louis, Atlanta, New Orleans and Denver.

Prior to his current role, Thompson served as the commissioner of the Sun Belt Conference for nearly eight years and as the only commissioner of the American South Conference prior to the merger of the two leagues in 1991.

During his eight years at the Sun Belt, he spent the majority of his time addressing national trends and challenges in intercollegiate athletics, television exposure, issues relating to conference membership and promoting corporate involvement. In 1997-98, the Sun Belt instituted a comprehensive sportsmanship policy, which earned Thompson designation as a 1998 Sports Ethics Fellow by the Institute for International Sport. Under Thompson's leadership, the Sun Belt was active in expansion as it continued to strengthen its posture nationally, adding Florida International University and the University of Denver.

Prior to its merger with the Sun Belt, Thompson served as the first and only commissioner of the American South Conference, which boasted an NCAA national champion in women's basketball during its first year. The American South also gained immediate national cable television exposure on ESPN and sent numerous teams into NCAA postseason play during the conference's four-year history.

Preceding his move to commissioner, Thompson served four years as the Director of Communications for the Metro Conference in Atlanta. While at the Metro, he directed the communications operations and administered conference championship events. Thompson originated the Metro Conference Sportswriters and Broadcasters Association, began a weekly radio program with over 300 affiliate stations, and originated a weekly satellite video program involving all Metro institutions. He also took on administrative duties such as coordination of officials, scheduling of tournament and regular-season play, and handling of legislative rules interpretations.

Thompson graduated from the University of Minnesota with an undergraduate degree in journalism. Following graduation, he spent two years as assistant sports information director at Kansas State University, earning numerous CoSIDA publication awards. He then spent three years as director of public relations and promotions for the NBA's Kansas City Kings.

Thompson and his wife, Carla, have a son (Ted) and a daughter (Emma).
