

ONLINE TICKET AND DONATION RENEWALS

We appreciate your ongoing support of Arizona Athletics, and invite you to renew your season tickets and/or Wildcat Club charitable gifts online. Your contribution is critical in our effort to meet the challenge of being a financially self-supporting unit of The University of Arizona.

Arizona Athletics is charged a processing fee for every payment made with a credit card. In order to minimize these fees, and to ensure that a higher percentage of your gift will go to benefit our student athletes, we strongly encourage you to pay your renewal online by eCheck, by mail or in person with a personal check. We appreciate the extra effort this request may require of you.

What is an eCheck? An eCheck is the electronic version or representation of a paper check. It is a payment instrument combining the security, speed and processing efficiencies of all-electronic transactions. eCheck is the first and only electronic payment mechanism chosen by the United States Treasury to make high-value payments over the public Internet.

How do eChecks work? eChecks work the same way a check does. The check writer "writes" the eCheck using one of many types of electronic devices and "gives" the eCheck to the payee electronically. The payee "deposits" the Electronic Check, receives credit, and the payee's bank "clears" the eCheck to the paying bank. The paying bank validates the eCheck and then "charges" the check writer's account for the check.
