

SUN DEVIL

VOLLEYBALL

A few words from Coach Watson...

For the past three seasons, our booster club has been at the forefront of providing needs outside those provided by the athletic department. Your generous donations have made it possible for us to:

- * purchase a golf cart to assist in our on-campus recruiting efforts
- * upgrade our video and statistical software programs
- * record game film in High Definition - providing players and coaches extreme clarity for scouting and training purposes.
- * provide a means to network our film in a secure server on-campus
- * respond to rapidly changing recruiting needs with a quick trip out-of-state.

Contributions to our Booster Club go directly to our program. Our staff ensures that money, provided by you, goes to enhance the student-athlete experience at Arizona State University. Which is why this year our primary fundraising focus is on renovating our Locker Room. Your partnership in this renovation serves to mirror the dedication of our student-athletes in making Sun Devil Volleyball nationally competitive. Go Devils!
