

BAYLOR UNIVERSITY SPIRIT SQUAD AGREEMENT
Rights and Privileges

I have read the Constitution and agree to follow the standards and policies that Baylor University, Athletic Department, the Director of Spirit and Athletic Traditions, and my coach expect of me as a member of the Baylor Spirit Squads. If at any time the Director of Spirit and Athletic Traditions and/or other authoritative staff at Baylor University feel it necessary to take actions of disciplinary measures, due to my inability to follow this constitution, I will respect and agree to their decision(s).

Participation in the Spirit Squads is a privilege, not a right, and may be terminated for actions outlined in the Constitution. I understand that if I chose to leave the squad or if I am rendered ineligible due to grades or behavior the squad before the first dead day of spring I will responsible for reimbursing the Spirit program for all non-returnable expenses including, but not limited to items such as clothing and camp registration and will return every item given to me within 24 hours in good and clean condition or pay for the replacement of item(s).

I also understand that my commitment to this program may include attending events or games over holiday breaks and/or Spring Break. My dedication to the Spirit Squads is a full year commitment and will end the first dead day of the spring semester.

Finally, I fully understand that there are no guarantees for travel and that I may be considered based on my skill level, GPA, class attendance, Appearance Points, seniority, and attitude.

This organization is unlike any other organization at Baylor University because of its high profile nature, and I will abide by the expectations set by this program. I consider it a high honor to be a member of this program and look forward to being a constant ambassador for the University.
