Bear Ridge Golf Course

Last year's Baylor Invitational was the first collegiate golf tournament ever to be held at Bear Ridge Golf Club. The 205 acres of land in West Waco now serves as Baylor's home course for both the men and women.

A central feature to the course is the Bill and Roberta Bailey clubhouse built specifically for the Baylor teams. It includes locker rooms for each team, space for team meetings and offices for the coaches. One highlight of the facility is the indoor practice area with state-of-the-art video equipment, which is available for coaches and players together to analyze the players' swings.

The course is part of the new Villages of Twin Rivers, a 255-acre planned unit development of Bosque River Chase Ltd.

The 7,455-yard par 72 course is believed to be one of the longest courses in the state.

The course was designed by Jim Hardy and Peter Jacobsen of Jacobsen Hardy Golf Course Design (JHGCD).

The Bear Ridge Golf Club runs along the ridges atop the Middle and South Bosque Rivers on hilly terrain with several stone-filled streams cutting between large oak trees. Multiple holes on the course feature elevation changes of up to 50 feet.
