

2008 BIG 12 SOFTBALL CHAMPIONSHIP

No. 7 Kansas vs. No. 10 Nebraska

Quotes

Nebraska Head Coach Tracy Bunge:

The first inning we should have gotten some runs. That can really kick you when you miss out on opportunities like that. I think we all had to go, okay there are seven innings in this game. We came out the next inning and had a big two out hit. Our whole lineup is contributing. We had great battles at the plate and great base running.

This team has a lot of fight and a lot of heart. They are playing hard for each other and when they play like that it makes it a lot tougher to go down.

Kansas Head Coach Rhonda Revelle:

It was a tough, good college softball game. Hats off to Nebraska they made a couple of great defensive plays at the end of the game. Breaks seemed to go their way and they took advantage of it. I liked the fight in our kids and I thought they played very well. Unfortunately it just wasn't enough at the end. Hats off again to Nebraska they played their best softball at the end of this year. It was disappointing but we did a lot of things that we can be proud of.
