### Bill Cup - Dartmouth, Rutgers

*In 1941, Edwin Lyman Bill of Rutgers placed in competition a cup bearing his name. After two races, both won by Rutgers, war interrupted the series. It was reactivated in 1963 at the urging of Rutgers crew coach Bill Leavitt. The race has always been rowed at 2000m. Boston University has been an entrant in each of the races and American International College participated in 1942. Dartmouth did not participate in 1987.*
