

Boston University March Goalkeeper Clinics

Are you interested in more quality keeper training?

We will be conducting a 3-day Goalkeeper Camp at Boston University on the evenings of March 10 to March 12, from 6:00-7:30 PM.

Each night will focus on a different aspect of goalkeeping. We have access to Nickerson Field with 4-6 full-sized goals. Our plan will be to conduct the sessions outdoors, but we also have indoor space as a backup and will be prepared for both!

The cost for each clinic will be \$30 and \$80 for all 3 nights - a great price for quality keeper training! All proceeds will go to the Boston University women's soccer program.

If you are interested in this and/or would like to register, please contact associate head coach Dave Bucciero at booch@bu.edu or 617-353-8497.

We look forward to seeing you soon!

Boston University March Goalkeeper Clinics
