

Boise State University Athletics Department

Official Visit Policies

Statement of Purpose and Recruiting Philosophy

The purpose of the intercollegiate athletic program at Boise State University is twofold:

1. To provide opportunities for a meaningful athletic experience for as many students as possible
2. To develop and maintain a competitive Division I-A athletics program that competes on a regional and national basis and strives for excellence in both men's and women's athletics within the boundaries of integrity and honesty

The athletic program is an integral part of the University and its total educational purpose. The University adheres to the principles of fair play and amateur athletic competition as defined by the NCAA. The University is concerned with the physical welfare of the student-athletes and strives to ensure that every student-athlete has the opportunity to succeed academically and obtain a degree.

The official visit shall serve as a mutual exploration by the prospective student-athlete

and the institutional personnel. The emphasis of the official visit must be to help the student-athlete in making a decision about where to pursue his or her athletic and academic future. Selecting activities for these visits should be to provide information that will assist the prospective student athletes and their families in making the best decision possible. Prospective students-athletes and their families should be afforded the opportunity to fairly and ethically assess their opportunities for academic and athletics success and integration into the collegiate experience.

Process for Establishing Official Visit Policies

2. Director of Compliance discussed official visit policies at head coaches meeting and encouraged feedback from head coaches and administration.
3. Athletic Director, Faculty Athletic Representative, Associate Athletic Director/SWA and the Director of Compliance reviewed official visit policies.
4. Intercollegiate Athletic Advisory Committee (IAAC) reviewed and approved official visit policies.
5. President of Boise State University reviewed and approved official visit policies.
6. Official visit policies were sent to the Conference Office.
7. Official visit policies and forms were distributed to coaches, printed in the compliance manual and made accessible electronically.

Official Visit Guidelines

Head Coach Participation

The head coach is responsible for meeting with the prospective student-athlete at the beginning of an official visit to review guidelines, including a review of activities prohibited during the visit. At the end of the visit, the head coach must meet with the student host and prospective student-athlete to determine that all the guidelines were followed during the visit.
