# SPIEKER AQUATICS COMPLEX

The home of the University of California men's swimming and diving team is the Spieker Aquatics Complex, one of the finest outdoor facilities in the United States.

Completed in the fall of 1982, the \$1 million dollar facility was made possible through the Cal Sports'80s project and was dedicated to the former California water polo letterman Warren "Ned" Spieker

Jr., who provided the major portion of the funding for the project.

The facility replaced the old Harmon pool, which had stood on the same site since the early 1930s. Included in the extensive remodeling project was the joining of the two existing tanks into one 50-meter by 25-yard pool of deep water, suitable for national and international swimming and water polo competition.

Also included in the reconstruction was the installation of new piping and filtration systems, lighting modifications and increased spectator seating.

The Spieker Aquatics Complex is located adjacent to Haas Pavilion at the corner of Bancroft and Dana streets on the Berkeley campus.
