We Assist, You Assist
Africa 2008-09

According to the World Vision Organization:

- * More than 26,000 children under the age of five die daily, mostly from preventable causes.
- * More than 25 percent of the world's infants are not immunized with critical vaccines that merely cost \$1.
- * Some 799 million people go to bed hungry each night - most of them women and children.
- * More than 153 million children below the age of 5 are underweight.
- * Reducing malnutrition among children under the age of 5 in poor countries can decrease child mortality by 20 percent.

**Every dollar raised up to \$10,000 will be matched
by an equal donation from Head Coach Joanne Boyle.**

How you can assist

Please join Cal Women's Basketball and your fellow fans in supporting this worthy foundation. There is an immediate need for mosquito nets, medicine, vaccines, food and formula, building supplies, along with generators (they have restricted use of electricity) and a used car to service as an ambulance.

ABOUT THE SEEDS FOUNDATION

The SEEDS foundation is an organization run by Amadou Gallo Fall, and is supported by the NBA and Nike. Gallo, who is from Senegal himself, and the SEEDS foundation, provide opportunities for young African men and women to make a better life for themselves (you can visit the SEEDS foundation at www.seedproject.org). They have taken on our challenge to assist in distributing the money to the orphanage and schools we visited this past spring. Every single dollar will be used to directly help the children with the items and projects listed above.
