Athletic Training Department
Policy and Procedure Manual
Emergency Action Plan

Revised/Reviewed 6/2012

Introduction

Emergency situations may arise at any time during athletic events. Expedient action must be taken in order to provide the best possible care to the athletes of emergency and/or life threatening conditions. The development and implementation of an emergency plan will help ensure that the best care will be provided.

Athletic organizations have a duty to develop an emergency plan that may be implemented immediately when necessary and to provide the best appropriate standards of health care to all sports participants. As athletic injuries may occur at any time and during any activity, the athletic training staff must be prepared. This preparation involves formulation of an emergency plan, proper coverage of events, maintenance of appropriate emergency equipment and supplies, utilization of appropriate emergency medical personnel, and continuing education in the area of emergency medicine.

Hopefully, through careful pre-participation physical screenings, adequate medical coverage, safe practice and training techniques and other safety avenues, some potential emergencies may be averted. However, accidents and injuries are inherent with sports participation, and proper preparation on the part of the sports medicine team will enable each emergency situation to be managed appropriately.

Components of the Emergency Plan

There are three basic components of this plan:

1. Emergency personnel
2. Emergency communication
3. Emergency equipment

Emergency Plan Personnel

With athletic practices and competition, the first responder to an emergency situation is typically a member of the athletic training staff, most commonly a certified athletic trainer. A team physician may not always be present at every organized practice or competition. The type and degree of athletic training coverage for an athletic event may vary widely, based on such factors as the sport or activity, the setting, and the type of training or competition. The first responder in some instances may be a

coach or other institutional personnel. Certification in cardiopulmonary resuscitation (CPR), first aid, prevention of disease transmission, and emergency plan review is required for all athletics personnel associated with practices, competitions, skills instruction, and strength and conditioning.

The development of an emergency plan cannot be complete without the formation of an emergency team. The emergency team may consist of a number of healthcare providers including physicians, emergency medical technicians, certified athletic trainers; intern athletic trainers, coaches, managers, and, possibly, bystanders. Roles of these individuals within the emergency team may vary depending on various factors such as the number of members of the team, the athletic venue itself, or the preference of the head athletic trainer.

There are four basic roles within the emergency team. The first and most important role is immediate care of the athlete. The most qualified individual on the scene should provide acute care in an emergency situation. Individuals with lower credentials should yield to those with more appropriate training.

The second role, equipment retrieval, may be done by anyone on the emergency team who is familiar with the types and location of the specified equipment needed. Intern athletic trainers, managers, and coaches are good choices for this role.

The third role, EMS activation, may be necessary in situations where emergency transportation is not already present at the sporting event. This should be done as soon as the situation is deemed an emergency or a life-threatening event. Time is the most critical factor under emergency conditions. Activating the EMS system may be done by anyone on the team. However, the person chosen for this duty should be someone who is calm under pressure and who communicates well over the telephone. This person should also be familiar with the location and address of the sporting event.

After EMS has been activated, the fourth role in the emergency team should be performed, that of directing EMS to the scene. One member of the team should be responsible for meeting emergency medical personnel as they arrive at the site of the contest. Depending on ease of access, this person should have keys to any locked gates or doors that may slow the arrival of medical personnel. An intern athletic trainer, manager, or coach may be appropriate for this role.

Roles within the Emergency Team

1. Immediate care of the athlete
2. Activation of the Emergency Medical System
3. Direction of EMS to scene

Activating the EMS System

Making the Call:

- Dial 911 from a cell phone or landline.

Providing information:

- Name, address, telephone number of caller
- Number of athletes

- Condition of athlete(s)
- First aid treatment initiated by first responder
- Specific directions as needed to locate the emergency scene (“come to south entrance of coliseum”)
- Other information as requested by dispatcher

After calling 911, Campus Public Safety should be notified by calling x2911 from a campus phone or 843-349-2911 from a cell phone. Finally, other athletic training or athletics personnel should be contacted for additional assistance.

When forming the emergency team, it is important to adapt the team to each situation or sport. It may also be advantageous to have more than one individual assigned to each role. This allows the emergency team to function even though certain members may not always be present.

Emergency Communication

Communication is the key to quick delivery of emergency care in athletic trauma situations. Athletic trainers and emergency medical personnel must work together to provide the best possible care to injured athletes. Communication prior to the event is a good way to establish boundaries and to build rapport between both groups of professionals. If emergency medical transportation is not available on site during a particular sporting event then direct communication with the emergency medical system at the time of injury or illness is necessary.

Access to a working telephone, or other telecommunications device, whether fixed or mobile, should be assured. The communications system should be checked prior to each practice or competition to ensure proper working order. A back-up communication plan should be in effect should there be failure of the primary communication system. The most common method of communication is a public telephone. However, a cellular phone is preferred if available. At any athletic venue, whether home or away, it is important to know the location of a workable telephone. Pre-arranged access to the phone should be established if it is not easily accessible.

Emergency Equipment

All necessary emergency equipment should be at the site and quickly accessible. Personnel should be familiar with the function and operation of each type of emergency equipment. Equipment should be in good operating condition, and should be checked on a regular basis and use rehearsed by emergency personnel. The emergency equipment available should be appropriate for the level of training for the emergency medical providers. It is important to know the proper way to care for and store the equipment as well. Equipment should be stored in a clean and environmentally controlled area. It should be readily available when emergency situations arise.

Transportation

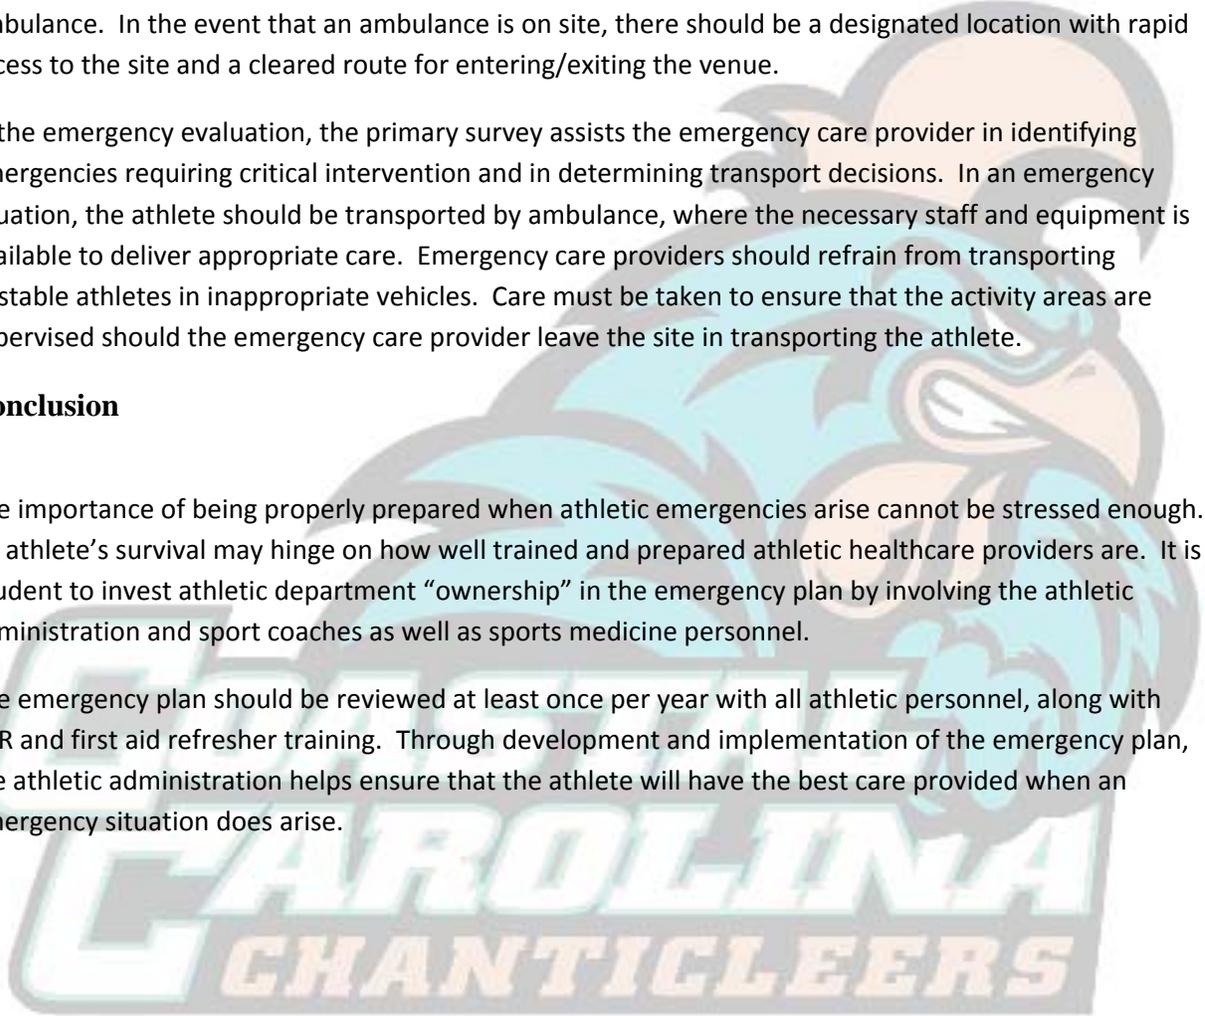

Emphasis is placed at having an ambulance on site at high risk sporting events. EMS response time is additionally factored in when determining on site ambulance coverage. The athletic administration coordinates on site ambulances for competition in football. Ambulances may be coordinated on site for other special events/sports, such as major tournaments or Big South/NCAA regional or championship events. Consideration is given to the capabilities of transportation service available (i.e. Basic Life Support or Advanced Life Support) and the equipment and level of trained personnel on board the ambulance. In the event that an ambulance is on site, there should be a designated location with rapid access to the site and a cleared route for entering/exiting the venue.

In the emergency evaluation, the primary survey assists the emergency care provider in identifying emergencies requiring critical intervention and in determining transport decisions. In an emergency situation, the athlete should be transported by ambulance, where the necessary staff and equipment is available to deliver appropriate care. Emergency care providers should refrain from transporting unstable athletes in inappropriate vehicles. Care must be taken to ensure that the activity areas are supervised should the emergency care provider leave the site in transporting the athlete.

Conclusion

The importance of being properly prepared when athletic emergencies arise cannot be stressed enough. An athlete's survival may hinge on how well trained and prepared athletic healthcare providers are. It is prudent to invest athletic department "ownership" in the emergency plan by involving the athletic administration and sport coaches as well as sports medicine personnel.

The emergency plan should be reviewed at least once per year with all athletic personnel, along with CPR and first aid refresher training. Through development and implementation of the emergency plan, the athletic administration helps ensure that the athlete will have the best care provided when an emergency situation does arise.

Emergency Plan: Brooks Stadium/Benton Field (Football)

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center. An ambulance is on-site for home football games at Gate 7.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

Brooks Stadium/Benton Field is located on the corner of Hwy 544 and University Blvd. For non-game emergencies, EMS should enter through Gate 5 which is off University Blvd. near the Visiting Team Locker Room.

Venue Map: enclosed

Emergency Plan: Soccer Game Field

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The soccer game field is located on University Blvd, across the street from Brooks Stadium/Benton Field. Access to the field is gained through the gate at the northeast corner (scoreboard end) of the field.

Venue Map: enclosed

Emergency Plan: Softball Field

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The softball field is located behind Arcadia Hall (Athletic Administration building) on Chanticleer Drive West. Access is gained by turning onto Chanticleer Drive West, then turning left into the second parking lot (due to current construction), continue straight onto the access road to the softball field.

Venue Map: enclosed

Emergency Plan: Charles L. Watson Stadium/Vrooman Field (Baseball)

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

Charles L. Watson Stadium/Vrooman Field is located between Brooks Stadium and the Williams-Brice Center. Access is gained through the main athletics parking lot off of University Blvd. To gain direct access to the field use the home bullpen gate in right field or the clubhouse gate.

Venue Map: enclosed

Emergency Plan: Baseball/Softball Hitting Facility

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

Hitting Facility is located at corner of University Blvd and Chanticleer Drive West.

Venue Map: enclosed

Emergency Plan: Fowler Athletic Practice Fields

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The Athletic Practice Fields are located north of Brooks Stadium on Hwy 544. Access is gained off of Hwy 544 at the northwest corner of the field. Follow the access road around to the appropriate field.

Venue Map: enclosed

Emergency Plan: Adkins Fieldhouse Strength and Conditioning Facility

Emergency personnel: CPR and First Aid certified Strength & Conditioning Coach is onsite for strength training sessions; additional athletic training staff is accessible from Ward Sports Performance Center.

Emergency Communication: In case of an emergency dial 911 from cell phone or land line (349-6577) in the weight room.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: Emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. **AED is located in first floor hallway next to elevator outside of strength and conditioning facility.** An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The strength facility is located in Adkins Field House in the north end zone area of Brooks Stadium. Brooks Stadium is located at intersection of Hwy 544 and University Blvd.

Venue Map: enclosed

Emergency Plan: Track & Field Complex

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The track complex is located on the corner of Chanticleer Drive West and Founder’s Drive. Access is gained off of Chanticleer Drive West.

Venue Map: enclosed

Emergency Plan: Billy Nichols Tennis Center

Emergency personnel: Athletic Training staff is accessible from the Ward Sports Performance Center. In-season matches, Athletic Training staff will be on-site.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The Billy Nichols Tennis Center is located between Brooks Stadium and Charles L. Watson Stadium (Baseball) at the north end of the parking lot.

Venue Map: enclosed

Emergency Plan: Williams-Brice Physical Education Center/Kimbel Arena

Emergency personnel: Certified athletic trainer and intern athletic trainers on-site for in-season practices and competitions; additional athletic training staff is accessible from the Ward Sports Performance Center.

Emergency Communication: A certified athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. Additional emergency equipment (i.e. AED, trauma kit, additional splints, assistive devices, and spine board) is accessible in the Ward Sports Performance Center. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to “flag down” EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The Williams-Brice Physical Education Center is located at the corner of University Blvd and Chanticleer Drive West. Access is gained on Chanticleer Drive West at either door with a teal awning.

Venue Map: enclosed

Emergency Plan: HTC Center

Emergency personnel: Certified athletic trainer and/or intern athletic trainer is on-site for in-season practices and competitions; additional athletic training staff is accessible from Convocation Center Athletic Training Room. An ambulance is on-site for all men's and women's basketball games.

Emergency Communication: An athletic trainer will be carrying a cell phone during practices and competitions. In case of an emergency dial 911.

Campus Public Safety: x2911 from a campus phone or 843-349-2911 from a cell phone.

Athletic Training Room Numbers:

SRCC 349-2920, Ward Sports Performance Center 349-2725, 349-2823, 349-2887

Emergency Equipment: First aid supplies and splints are with the athletic training staff during practices and competitions. **AED is located on the first floor north concourse on the wall between the men's and women's home basketball locker rooms. Another AED is located in the first floor south concourse by the entrance to the student recreation facility.** Additional emergency equipment (i.e. trauma kit, additional splints, assistive devices, and spine board) is accessible in the Convocation Athletic Training Room. An AED unit is also available in the campus security vehicles.

Emergency Procedures:

- Immediate care of injured or ill student-athlete using standard American Red Cross First Aid protocols
- Emergency equipment retrieval
- Activation of emergency medical system (EMS)
 - Call 911 (provide name, address, telephone; number of individuals injured; condition of injured; first aid treatment; specific directions; other information as requested)
 - Notify campus police x2911 from a campus phone or 843-349-2911 from a cell phone
 - Contact additional athletic training and/or athletics personnel for added assistance
- Direction of EMS to scene
 - Open appropriate gates/doors
 - Designate individual to "flag down" EMS and direct to scene
 - Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions:

The Convocation Center is located off 140 Founders Drive, accessible from 544 and W Chanticleer Dr.

CAMPUS MAP

ABOUT THE CAMPUS
Coastal Carolina University comprises 53 main buildings on 307 acres including the Burroughs & Chapin Center for Marine and Wetland Studies and the Coastal Science Center, located on the East Campus at the Atlantic Center off U.S. 501. The University also offers courses at the Waccamaw Center for Higher Education in Litchfield, Myrtle Beach and in North Myrtle Beach. Wares Island, 1,062 acres of pristine barrier island on the Atlantic Coast, provides a natural laboratory for extensive study in marine science and wetlands biology. Students enrolled in Coastal Carolina University's Professional Golf Management program staff Quail Creek Golf Club at Coastal Carolina University, a public 18-hole golf facility adjacent to the campus.

DIRECTIONS TO EAST CAMPUS

(to the Atlantic Center)
From University Boulevard on the main campus, turn left on U.S. 501. Nonh. Atlantic Center is the first entrance on the right.

DIRECTIONS TO UNIVERSITY PLACE

From University Boulevard on the main campus, turn left onto S.C. 544. Go 0.25 miles (.4 km) to the first traffic light and turn right.

DIRECTIONS TO THE FOUNDATION CENTER

From University Boulevard on the main campus, turn right onto U.S. 501. Go 0.6 miles (.96 km) to the first traffic light (in front of Lowe's) and turn left onto Century Circle. Cross the railroad tracks and take the first right on White Oak Road; go one block to Winyah Road and turn right to cross the railroad tracks again. The Foundation Center and the University Band Hall are located on the left.
