About the Clinic:

The purpose of this clinic is to provide an excellent training environment for goalkeepers looking to gain and edge in upcoming winter tournaments/showcase events. Goalkeepers will be trained in a competitive environment and pushed to new levels. They will be trained technically and tactically in ways that they will be able to take back to their daily training and leave a better goalkeeper.

Areas that will be covered:

- Footwork and Handling
- Advanced Shot Stopping
- Breakaways
- Crosses and 3 Goal Situations
- Distribution
