

POST-GAME QUOTES GREENVILLE REGIONAL

(3) George Mason vs. (4) Binghamton
May 30, 2009 • Clark-LeClair Stadium • 2 p.m.

Binghamton Head Coach Tim Sinicki

On His Team's Performance

"Offensively we answered the bell when they scored. From a relief pitching standpoint, every guy we brought in from the bullpen did exactly what we asked them to do. They came in, ended the inning and then moved on. Offensively and defensively I thought we did a real good job of answering anything George Mason did."

On Getting Off To a Quick Start

"It was very big for us. I'm not sure we knew what we had in the tank after that first one, but to get a quick start like that allowed our guys to get a lot of confidence. We were hoping to extend this thing to another day and we did."

On The Next Game

"We're not here to be tourists. We are not here to just have fun. We want to come out and compete and if that means another day of baseball tomorrow, we're going to do that. The two teams that we have a chance to play, whether its ECU or USC, we'll have our hands full."

George Mason Head Coach Bill Brown

On His Team's Performance

"I felt like we had opportunities to score and put runs up and didn't do it. We left 16 runners on base. Binghamton played well and had good swings when they needed them. They scored nine runs with two outs and when you do that things are going pretty good for you, obviously.

"We weren't very good here and it is what it is."

On This Season

"I will reflect later and I will realize what a special year it was. Right now it's a little tough to see that. We go out as the first team here and we had some high expectations and really just didn't play well. It didn't seem like much good happened for us."
