

## TRANSFER-IN POLICY OVERVIEW

### Bylaw 13.1.1.3

Grants a student-athlete permission to speak to another institution about the possibility of transferring to that institution. If permission to speak is denied by an institution, then the student-athlete may not receive aid during the first year in academic residence at the institution to which he/she transferred.

### Permission to Speak (13.1.1.3) & One-Time Transfer Exception (14.5.1):

1. If a coach is interested in speaking to a student-athlete at another institution, or is a coach or member of the athletic department staff is contacted by a student-athlete at another institution for the purpose of transferring, the coach or staff member should notify the student-athlete that under NCAA rules, it is not permissible to discuss transferring without first obtaining written permission from that institution's athletic director.
2. The coach or staff member should immediately notify the Compliance Office of the request. The Compliance Office will send a letter and a "One-Time Transfer Form" to the institution's athletic director.
3. Once the form is completed and returned to the Compliance Office, the Compliance Office will notify the coach, in writing, whether or not the institution granted permission to contact the student-athlete.
4. Once a student-athlete receives permission to contact Florida State University, the student-athlete is considered a prospective student-athlete and would be eligible for an official visit.

There are four scenarios that are possible when combining these Bylaws. You may grant or deny each bylaw independently of the other. Below is a quick reference chart.

	<b>Eligible for Aid</b>	<b>Eligible for Competition</b>
Grants 13.1.1.3 Grants 14.5.1	<b>X</b>	<b>X</b>
Denies 13.1.1.3 Grants 14.5.1		<b>X</b>
Grants 13.1.1.3 Denies 14.5.1	<b>X</b>	
Denies 13.1.1.3 Denies 14.5.1		

If you are denied any of these, then you should remember that the student-athlete has a right to an appeal.
