WAKE FOREST HEAD COACH TONY BRESKY

On today's match...

"Doubles we got off to a great start at court three. I think we struggled a little bit at court one, court two doubles we struggled a little bit, so it was really nice to get the doubles point at court one. They played a really good last game to break, I think that really built a lot of momentum for us. I felt like we were a little nervous to start, but once we got the nerves out, I think we played really well in singles. I think always the first round, the round of 16, we've never passed that, so I think the guys kind of knew that a little bit. I think they felt a little bit of the jitters, but they were excited to go, so I think once we got doubles out of the way, and singles, I think it helped. And I think it will help with our next match too."

"This win was as good as every other win, and we want more. I think the doubles point is very important, but obviously it can go either way. We try our best to take that point, but it doesn't really matter. Even if we are a point down, we can win every singles match. I think serving those two break points at 3-2, and earning the break at 3-0 was big because losing that game at 3-2 could have been a momentum changer. But I won that game and we can never know what would have happened if I had lost."

STANFORD HEAD COACH PAUL GOLDSTEIN

On today's match...

"First, congrats to Wake Forest, that is a heck of a club there. In terms of positive takes, this is the most resilient bunch that I have been around and it has been a pleasure and a privilege to work with them throughout the year. They have dealt with some incredible adversity, not only with some injuries, but also with some off court stuff. I feel very proud of this team and how they have stayed the course throughout the year despite a lot of adversity. As a program we play for more than just ourselves and we made a stride as a program in this season in terms of hosting the NCCA's at home for the first time in five years, and getting to this place. I am really happy for this group to be able to play at such an iconic tennis venue, so I am very happy for them. As a program, we are not at all where we need to be and where I want us to be, but man, did we take a step this year."
