DON’T GET FLAGGED FOR BETTING ON THE BIG GAME

Putting something at risk to win something in return (not just money) on an amateur or pro sporting event is a sports wagering violation that risks your eligibility. This includes participation in Super Bowl squares, fantasy leagues, online bets, betting apps, parlay cards, and prop bets.

Contact the Athletics Compliance Office if you have any questions.
Academic Reminders

Monday, February 5: Student-Athlete Networking Forum, 7 - 9 PM
Thursday, February 8: SAAC Meeting
Friday, February 9: Last day to add/drop using RTF—EZ

NCAA Convention Recap

The NCAA's annual convention was last month in Indianapolis, Indiana. The Division I Board of Directors adopted a “more flexible legislative schedule” for 2018 to continue ongoing discussions regarding potential changes to the NCAA’s existing transfer rules. The Council will be able to introduce transfer-related legislation in April and vote in June. Women’s Basketball will now start their preseason camps earlier to line up with the Men’s Basketball start dates. The Council also discussed early-recruiting legislation. The Division I Student-Athlete Experience Committee recommended the new model. This model was introduced during the 2017-18 legislative cycle and would move official visits from the opening day of classes during a PSA’s senior year to September 1 of their junior year.

Student-Athlete Compliance Conundrum

Situation: Jackie Draw, a freshman women’s lacrosse student-athlete, is enrolled in 15 credits for the spring semester. She is currently failing her organic chemistry course (4 credits) and would like to withdraw before the withdrawal deadline.

Question: If Jackie drops the course, what will she be eligible for?

A) Competition Only
B) Practice Only
C) Competition and Practice
D) She would be ineligible for both competition and practice
Recruiting Calendar

All sports are in a Contact/Evaluation Period unless otherwise noted.

Chocolate can do what...

♥ Chocolate Boosts Heart Health–Regular chocolate eaters welcome a host of benefits for their hearts, including lower blood pressure, lower "bad" LDL cholesterol and a lower risk of heart disease.

♥ Chocolate Boosts Your Mood–Enjoying food is part of enjoying life.

♥ Chocolate Improves Blood Flow–Cocoa has anti-clotting, blood-thinning properties that work in a similar way to aspirin, which can improve blood flow and circulation.

♥ Chocolate May Make You Smarter–That boost of blood flow to the brain created by cocoa's flavanols seems to make people feel more awake and alert, and, in a small British study, perform better on counting tasks.

Monthly Compliance Conundrum

WHAAAA??!

Cross Court is a tennis student-athlete at Subpar University (SU). Cross will be transferring to GW in August, making her a 4-4 transfer. She attended SU for a total of 2 full-time semesters.

**Question:** How many hours will Cross need to have completed when she enrolls at GW in August?

**Remember to provide a bylaw site!**
