

Regular Camp

August 4 - 8

(Monday thru Friday)

9:00 am to 4:00 pm

Swimmers must be 10 years old or have previous competitive experience to enroll in the Full Day Camp.

Swimmers will have two water workouts daily plus dryland activities, classroom videos and discussion sessions.

Each day concentrates on a different stroke in the morning session. A classroom session with video and discussion as well as the water session works on teaching and correcting stroke techniques. Each swimmer is video critiqued each day on that stroke.

Afternoon water sessions are broken into small group stations to allow each swimmer to choose any specific areas they wish to focus on (stroke work on any of the four strokes as well as starts and turns).

Typical Daily Schedule

9:00 - 10:00	Video and discussion on the stroke of the day
10:00 - 10:30	Dryland warm-up
10:30 - 12:00	Water session 1
12:00 - 1:15	Lunch on own and rest period
1:15 - 2:00	Analysis of swimmers' stroke video
2:00 - 2:30	Outdoor/dryland workout
2:30 - 4:00	Water session 2

Cost

\$175 If registration is received prior to July 1st

\$200 If registration is received after July 1st

Note: For the full day camp, each swimmer is responsible for their own lunch and beverage. They may bring their lunch or they may purchase it at the Food Court across the street from the pool. (Choices include Subway, pizza, or Taco Bell)

Afternoon Camp

June 16, 17, 18, 19, 20

(Monday thru Friday)

1:00 pm – 4:00 pm

Swimmers must be at least 7 years old to enroll in this camp.

Our half day camp is for swimmers who may not be able to take an entire week off for camp or for those who may not be ready to swim three hours of water work each day.

Each day concentrates on one stroke with work on stroke technique and turns. On Friday swimmers work on and may also choose to review any stroke they want to spend more time on.

1:00 - 1:45 Video and discussion on the stroke of the day.
 1:45 - 2:00 Dryland warm-up
 2:00 - 3:15 Water workout and instruction
 3:15 - 4:00 Underwater video and analysis of swimmer's video.

Cost

\$100.00 If registration is received prior to June 10th

\$125.00 If registration is received after June 10th

Private Instruction

Special private or semiprivate lessons are available based upon coach and pool schedules.

Each 30 minute session will focus on the specific areas and needs that you provide to us when scheduling the lesson as well as related skills identified during the lesson.

Grand Valley State University 2008 Competitive Swim Camps

Our camp is a teaching camp.

Using stroke **videos, lectures and discussion** we show how elite swimmers use the five keys when they swim their races.

Through daily work with **innovative drills and stroke practice** under the direction of their lane coach each swimmer will learn how to include these same keys in their swimming

Each swimmer in the Regular Camp will have their **stroke videoed and evaluated** by one of our coaches and receive a **written critique** of all four of their strokes to take home at the end of camp.

Five Keys For Swimming Faster

Balance your body better in the water.

Make your body longer.

Eliminate resistance.

Use your hips as your motor.

Use your hands & arms as anchors not as paddles.

Grand Valley Swim Camps will teach you how to use these five keys when you swim so that you too can go faster, with less effort!

“Learn to swim smarter, not harder!”

The fastest swimmers are usually the most efficient swimmers!

They take fewer strokes, go farther on each stroke and go faster, all while using less energy.

What you do between strokes is actually more important than how you take the stroke itself!

**All Swimmers receive a
Camp T-Shirt!**

Camp Leadership

Andy Boyce is the new head swimming coach at Grand Valley. He served as the interim head coach this past year and was assistant coach for the previous three years. In his first year as interim head coach he was selected as **Coach of the Year** in the Great Lakes Intercollegiate Athletic Conference and his men’s team captured their second title in school history while the women finished 2nd in the conference. Sixteen swimmers and divers qualified for the NCAA national championships in the 07/08 season.

GVSU swimmers have a reputation for making outstanding improvements in their swim performances and swimming lifetime bests as members of the program .

Andy will be assisted by members of his current and past GVSU varsity teams. **(Several of our instructors hold GVSU team records!)** .

Group and Lane Assignments

Swimmers are assigned to lanes for water sessions by age and ability. We do not guarantee that team mates, friends or siblings will be placed together for workouts. For the Regular Camp, we usually break the mornings into two groups by ability/age with one group going to the classroom first while the other group is in the pool. In the afternoon everyone is back together again for the water session.

Cancellations and Refunds

Grand Valley Swim Camps fill very quickly! Each camp enrollment is limited to maintain a camp size that allows us to be effective teachers.

Due to the limited number of spaces available, there will be no refunds on camp deposits for persons who register and do not attend.
