2007 June Summer Overview

This was the 2nd year of the Be A Champion Summer program with the University of Houston athletes. There were 17 athletes that served the Houston area youth through the program. The athletes worked in the following districts: Alief ISD, Houston ISD, Goose Creek ISD, Pasadena ISD, and Houston ISD Charter affiliates. Other out of district programs consisted of Citizen Schools, Communities in Schools, CASE, 21st Century, and SOARS. The athletes put a total of 655 hours into the community this summer. My duties consisted of going to sites, speaking with the schools to make sure all of the staff met their standards, organizing schedules for athletes, interviewing athletes, finding new sites, organizing programs with schools and University, meeting with staff, and attending to overall needs of our athletes. Please see the hours that reflect my activities in June:

July and August Plans

During the months of July and August we will still have projects going on. I will continue to work on my outreach projects and oversee the community needs. The summer program will officially end the last week of August. John Prestwood, Mike Rea, Mike Canon and James Hong along with me are putting together the budget and youth projects for this football season. As soon as I get them I will get them to you.
