Note: Green Bay holds the fifth seed by virtue of a split in the regular-season series with (#3 seed) Cleveland State, while Valparaiso was swept by the Vikings. Green Bay and Valpo both split the regular-season series with (#2 seed) Wright State, while UIC was swept. The tie-breaker that far after the Phoenix, Crusaders and Flames all split the season series with each other.

Ties in winning percentage shall be broken according to the following formula utilizing head-to-head competition and results against common opponents:

- (a) All ties will be broken in the order in which they occur, from top to bottom, in the standings. The elimination of ties will be used for tournament seeding and bracketing purposes only.
- (b) Only regular-season Horizon League games, exclusive of tournament and/or exhibition games, will be used in the tie-breaking formula.
- (c) When comparing tied teams against positions LOWER in the standings which are also tied, those LOWER TIED POSITIONS shall be considered as a SINGLE POSITION for purposes of comparison. (Example: Team A and Team B tied for second would compare against Team X and Team Y tied for sixth as follows: Team A would compare its combined record against BOTH X and Y against Team B's combined record against BOTH X and Y).
- (d) If two tied teams met twice during the regular season and one of the two won both games, the winner shall be awarded the higher position.
- (e) If two tied teams met once during the regular season or split in two games during the regular season, compare each tied team's record against the team occupying the highest position in the standings and continue down through the standings until one team gains the advantage, thereby winning the higher position.
- (f) If three or more teams are tied, compare the combined record of each of the tied teams against the other teams involved in the tie until an advantage is gained (example: Team A's combined record against both Team B and Team C as compared to Team B's combined record against A and C, etc.).
- (g) If the provisions of (f) above fail to resolve a tie involving three or more teams, compare each of the tied teams' records against the team occupying the highest position in the standings and continue down through the standings until the tie is reduced to a two-team tie (at which time refer to items (d) and (e) above) or until the tie is broken.
- (h) If the above provisions fail to resolve a tie, the team with the higher RPI (according to the College Basketball News) for that season will receive a higher seed.
