

32 DAVE HALL Guard 6-1 178 Junior Jeffersonville, Indiana
 While playing for Clarksville, Ind. High School, Dave Hall was one of the hottest guards in the Hoosier State. He went to Eastern Kentucky and after a year with the basketball program there, decided to move nearer home. He didn't get much action last season as a Cardinal, mainly because he didn't become eligible until the second semester, what with being a transfer student. He did make four appearances in late February and early March and has hustled hard during early season drills this year. Dave is solidly built and can move with quickness needed by a guard. He is one of the hardest workers and is a team player all the way. Always ready to praise his fellow players, Dave is the kind of guy you can depend upon for a job well done. He is competing for playing time against a solid lineup of guards that could well be the best contingent in the country. Dave is a part of them and will be ready when called upon.
