This is Terrapin Basketball

The University
DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be “an institution superior to any other.”

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state’s first agricultural college and one of America’s original land grant institutions into a model of the modern research university. It is the state’s greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation’s top public research universities by U.S. News & World Report, with 31 academic programs in the Top 10 and 92 in the Top 25. It is also ranked No. 37th in the world, according to the Institute of Higher Education at Shanghai’s Jiao Tong University.

Maryland is the state’s premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes three Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, 40 members of national academies and scores of Fulbright scholars. The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President’s Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.
It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whose accomplishments in research abound. Whether the issue is Mideast peace, cutting-edge research in nanoscience, homeland security or bioscience advances, Maryland faculty are selected for national leadership and are making news. Many recent major faculty initiatives receiving significant external support strengthen our homeland security endeavors—centers for research on agrosecurity and emergency management; intermodal freight transportation security; behavioral and social analyses of terrorism and responses to terrorism; astrophysics and advanced world climate and weather prediction; and a national Center for Advanced Study of Language.

In addition to its academic prowess, Maryland is also home to the Terrapins, whose athletic achievements are a perennial source of pride for nearly 250,000 alumni and residents of the state. In 2005-2006, the Terrapins brought home national championships in four sports — men’s soccer, field hockey, competitive cheer and women’s basketball — more than any university in the nation.

In 2004, Maryland’s School of Music hosted the National Symphony Orchestra in its first university residency, and its 2006 opera production was declared by the Washington Post music critic “… as good as any Bohème you are likely to see this side of the Metropolitan Opera or Covent Garden.”

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead. Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighter than any other in its history.

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the University's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the University to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the University's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, the University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration’s new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarte Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, “Washington Business Forward” magazine counted him among the top 20 most influential leaders in the region.

Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised $1.4 B. He earlier served as chair of Berkeley’s Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote’s research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received the B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarte Smith Performing Arts Center and a member of Prince George’s County Arts Commission.
Deborah A. Yow is in the 14th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow’s 13-plus years at Maryland, the Terrapins have won a remarkable 15 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation’s elite intercollegiate athletic programs. The comprehensive success of Terrapin athletics under Debbie Yow’s leadership is a clear and compelling testimony of her values of excellence, teamwork, and accountability.

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada. She was honored recently by Street and Smith’s Sports Business Journal as one of the 20 most influential people in intercollegiate athletics and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education’s Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She recently served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league’s TV contracts and dealing with issues related to television. Yow led the committee during the successful renegotiation of comprehensive, multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on “Shaping the Future of Collegiate Athletics” and the Street and Smith’s Sports Business Journal “National Forum on the Direction of Intercollegiate Athletics” in New York. She was also recently inducted into the State of Maryland Women’s Hall of Fame and the North Carolina Sports Hall of Fame, joining fellow Terp Buck Williams as honorees.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America. Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 12 of the department’s annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget has now reached $55 million annually and the multi-million dollar accumulated operating debt which her administration inherited has been eradicated.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student athletes at Maryland.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department’s 27 teams. The Comcast Center for men’s and women’s basketball and other sports that use the facility is a prime example of the remarkable upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:
- Maryland captured a remarkable six national championships during the past two seasons (2005-06, 2006-07).
- In 2006, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics.
- Maryland was selected by U.S. News & World Report as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the most well-managed Division I collegiate athletics program in the nation.
- In men’s basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men’s basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 14 tournaments.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Laboratory for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- Women’s basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men’s basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 14 tournaments.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Academic Center was the first improvement, as it took over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year’s Day 2004. In 2006, Maryland returned to the bowl scene, where the Terps beat Purdue, 24-7, in the Champs Sports Bowl. Graduation rates in football are near 80 percent and Maryland athletics.
- In 2006-07, 13 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 13 years, Yow says, “We are pleased, but we are not satisfied... our vision is to be one of the Top 5 programs in the nation consistently... we see no reason to settle for less.”

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to “raise our sights and sharpen our tools... to work hard and work smart... to recognize that our only limitations are those that we place upon ourselves.”

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men’s basketball (while at Saint Louis University). In 2002, she brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women’s basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women’s Final Four in Boston.

Dr. Yow is known as “a coach’s AD,” while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator.

A successful former basketball coach at the University of Kentucky and University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as AD at Saint Louis University from 1990 through 1994.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Maryland athletics program, our athletics director recently stated, “We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls ‘the three A’s of the University — Academics, the Arts and Athletics.’ We have a great Terrapin family. That’s the foundation for all of our success... and the basis for our bright future. It’s a great time to be a Terp.”
Cheryl Levick, one of the top administrators in the country, is the Terrapins’ new chief of staff. Levick has over 20 years experience in collegiate athletics, including the last seven running two Division I programs. She comes to College Park from Saint Louis University where she has served the last three years as director of athletics. Prior to her stint with the Billikens, Levick had a four-year run as the director of athletics of Santa Clara University.

“Cheryl Levick is widely acknowledged as one of the best collegiate athletics administrators in the country,” said Maryland director of athletics Deborah A. Yow. “Her passion for the athletics enterprise and expectations for excellence are traits that will serve Maryland athletics well in the coming years. We are delighted that she will be joining us in the leadership role of chief of staff.”

Levick led Saint Louis through its transition from Conference USA into the Atlantic 10, as well as spearheading the fund-raising effort for the new on-campus Chaifetz Arena and the design of the adjacent practice facilities. She also recently hired former national coach of the year Rick Majerus to run the men’s basketball program. In addition, she served on the 2005 NCAA Men’s Basketball Final Four executive committee and partnered with the St. Louis Sports Commission to serve as host for the 2006 NCAA Men’s Soccer College Cup.

“I am excited about joining the staff at the University of Maryland, working with Debbie Yow and being on a football campus again,” Levick said. “This new position is an exciting opportunity to work with one of the top collegiate athletics programs in America, led by one of the elite administrators in our profession.”

Levick, a native of St. Louis, is a 1974 graduate of the University of Missouri, and holds a master’s degree in athletic administration from Indiana University. Levick has two daughters, Heather and Melissa, and a son-in-law, Michael Klass.

Levick broke new ground at Santa Clara. She was the first female director of athletics in school history, as well as in the West Coast Conference. During her tenure at Santa Clara, Levick reorganized the department’s administrative staff, oversaw a major renovation of the 5,000-seat basketball arena, broke ground on a 1,500-seat baseball stadium and received a $42.75 million commitment from the university’s capital campaign.

Prior to Santa Clara she spent 12 years (1988-2000) at Stanford as the senior associate athletics director and senior woman administrator. She served as the department’s chief operating officer, overseeing internal operations for 33 varsity sports. During Levick’s time at Stanford, the Cardinal won 44 national championships.

Levick has received a number of accolades for her work in athletics. The National Association of Collegiate Women Athletic Administrators (NACWAA) honored Levick as the 2000 Division I Athletic Administrator of the Year. In 1998 and 1999, she was named one of the nation’s Top 25 Female Sports Executives by Street and Smith’s Sports Business Journal. In the spring of 2001, she was honored with a Bay Area Woman Achievement Award.
ACADEMIC SUPPORT & CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes with excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume-writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical “job fairs,” the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA’s (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics’ units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of “life learning” programs promoted for use by each varsity sport team.
CHAMPS/LIFE SKILLS PROGRAMS

COMMITMENT STATEMENTS

Commitment to Academic Excellence
To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence
To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development
To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development
To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service
To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President’s Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a “workshop” that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

In the highly competitive world of collegiate basketball, the off-court preparation of the basketball athlete is a critical component in the on-court success of any Division I program. Pete Yurish, Maryland's strength and conditioning coach for men's basketball, believes strongly that a solid off-court training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development and, in turn, has resulted in great success on the basketball court.

Yurish's philosophy consists of allowing the players to gain strength, speed and change of direction capabilities through drills that are basketball oriented. He believes that the team must be prepared to run and play the up-tempo style of basketball that is Gary Williams' trademark. Yurish trains the team so that it will be able to play up to Williams' style.

The Terps' new state-of-the-art weight room at Comcast Center.

The members of the men's basketball team have the use of a fully-equipped weight training facility located down the hall from the men's basketball office and the team's locker room in Comcast Center. The conveniently located 4,000 square foot facility features a combination of Sorinex weight training equipment and York free weight equipment. The strength staff utilizes this facility specifically during the season as basketball team members are personally trained before, during and after the season.
DARRYL CONWAY
Assistant Ad/  
Sports Medicine  
Delaware ’93  
Fourth Year at Maryland

Darryl Conway was hired in June 2004 as Maryland’s assistant athletics director for sports medicine after spending three years as the head athletic trainer at the University of Central Florida. Conway oversees all medical and athletic training operations for the Terrapins’ 27 varsity athletic programs.

Conway, who has been an athletic trainer at both the collegiate and professional levels, comes to the Terrapins after serving as head athletic trainer at the University of Central Florida for three years. There he was the head trainer for the Golden Knight football squad, while supervising the assistant trainers, graduate assistants and student assistants who provide training coverage of Central Florida’s 17 varsity sports. At UCF, Conway was responsible for overseeing the compilation and input of daily medical records, the computerized injury surveillance program and the NCAA injury surveillance system. He served as a clinical instructor/field experience supervisor for athletic training students, assisted in the development of marketing and fundraising projects for the sports medicine department and served as the site coordinator for the NCAA drug testing program at UCF.

Prior to his position at Central Florida, Conway served as the Director of Sports Medicine at the University of Northern Iowa, working as the head trainer for the Panthers’ football and men’s basketball teams from 1999 to 2001. He was the head athletic trainer at Morgan State University in Baltimore for one season and was an assistant trainer and professor at Delaware, his alma mater, for two years. From 1993 to 1996, Conway was an assistant trainer with the NFL’s New York Jets.

Conway earned a bachelor’s degree in physical education studies, magna cum laude, from the University of Delaware in 1993, before receiving a master’s degree in physical education and a certificate in sports management from Adelphi University two years later.

Conway has taught numerous collegiate courses related to athletic training, has made numerous presentations and has co-authored several scholarly publications and book chapters. He has been a member of the National Athletic Trainers’ Association (NATA) since 1989, and is also a member of the United States Weightlifting Federation. Conway and his wife, Tracy, have a son, Michael.

CRAIG BENNETT, M.D.
Head Team Physician/  
Orthopaedic Surgeon  
Fourth Year at Maryland

Craig H. Bennett, M.D., is in his fourth season as the head team physician and orthopaedic surgeon for Maryland. Dr. Bennett is the Chief of Orthopaedic Sports Medicine at the University of Maryland School of Medicine and has also served as the head orthopaedic surgeon for the NFL’s Baltimore Ravens. Prior to his arrival at Maryland, Dr. Bennett was at the University of Pittsburgh where he served as an assistant professor of orthopedics, as a team physician for Pittsburgh’s athletic department and as the associate team physician for the Pittsburgh Steelers.

A native of Buffalo, N.Y., Dr. Bennett graduated with honors from Brown University in 1985. He earned his medical degree from the University of California at San Francisco and completed his residency in orthopaedic surgery at Emory University in Atlanta, Georgia. He then completed a sports medicine-knee and shoulder fellowship at the University of Pittsburgh and subsequently stayed on staff at Pittsburgh for five years. While at Pittsburgh, he also served as the team physician for the men’s basketball team.

Dr. Bennett was selected to the American Academy of Orthopaedic Surgeons Leadership Fellows Program in 2003-04 and Towson University honored him as an African-American Scholar of the Year in 2004. He is a board certified member of the American Board of Orthopaedic Surgery and a member of the NFL Team Physicians Association.

YVETTE ROOKS, M.D.
Primary Care Physician  
10th Year at Maryland

Dr. Yvette Rooks is in her 10th year as a primary care physician for Maryland’s athletics programs. Dr. Rooks graduated from Update Medical School/Health Science Center in Syracuse, N.Y., in 1993. She completed her residency in family medicine and a sports medicine fellowship at the University of Maryland, Baltimore, and is currently an assistant professor in the Department of Family Medicine at the University of Maryland School of Medicine.

In addition, Rooks the Residency Program Director in the Department of Family Medicine at University of Maryland Medical School. She also serves as the Director of the Primary Care Sports Medicine Fellowship.

Rooks graduated with honors from the State University of New York at Albany where she was a four-year starter on the volleyball team. She currently lives in Ellicott City, Md., and has an eight-year old daughter, Madison.

JAMES DRESEE, M.D.
Asst. Team Physician/  
Orthopaedic Surgeon  
Second Year at Maryland

Dr. James Dreese serves as assistant team physician for University of Maryland athletic teams. He is an Assistant Professor of Orthopaedics at the University of Maryland Medical Center. He received his undergraduate degree from Penn State University, where he competed on the football team and earned a varsity letter.

After completing his Orthopaedic Surgery residency at the renowned Hospital for Special Surgery in New York, NY, he received subspecialty training in Sports Medicine and Shoulder Surgery at the University of Pittsburgh in Pittsburgh, Pa. He served as a team physician at Davidson University in Charlotte, N.C., prior to joining the Orthopaedic Surgery staff at the University of Maryland.

Dr. Dreese is a subspecialist in the management of shoulder, knee, and elbow injuries.

BRIAN CORWELL, M.D.
Primary Care Physician  
Second Year at Maryland

Dr. Brian Corwell is in his second year as a primary care team physician at the University of Maryland. He graduated from Tufts University in 1996 with a degree in biology and psychology. He then completed a pre-doctoral clinical fellowship at the National Institute of Health.

Dr. Corwell earned his medical degree from the University of Maryland in 2002, where he was a frequent volunteer in the College Park athletic clinic. Dr. Corwell completed his residency in Emergency Medicine at the Harvard Affiliated Beth Israel Deaconess Medical Center. He then returned to the University of Maryland to complete a fellowship in Sports Medicine. He has lectured and authored numerous publications on the subjects of Emergency and Sports Medicine.

Dr. Corwell lives in Baltimore with his wife, Viveka and newborn son, Gabriel.
ATHLETIC DEVELOPMENT

TERRAPIN CLUB
Athletic excellence is a tradition at the University of Maryland—a tradition alumni and friends alike want to see continue and flourish. That’s why we are inviting you to be a member of the Maryland Athletics Family by joining the Terrapin Club. Whether you are an alumnus of the University of Maryland or a friend interested in supporting the state’s flagship campus, belonging to the Terrapin Club enables you to:

• Provide annual scholarship support for our student-athletes who will contribute to the community
• Share our vision to fully scholarship all sports to best represent the University
• Take pride in the achievement of athletic excellence
• Participate in the camaraderie and fellowship unique to Terrapin Club members
• Receive a tax deduction for your financial contribution for scholarships
• Enjoy access to great benefits including priority seating in Byrd Stadium, or any other component of the University

At Maryland, the Department of Intercollegiate Athletics operates without significant University funding and receives no state appropriations or tax dollars for operational expenses. Sanctioned by the University of Maryland College Park Foundation, 100% of the funds raised through the Terrapin Club are managed by the Foundation for the exclusive use of Maryland Athletics. Your contribution directly supports an annual student-athlete scholarship fund raising campaign, enhancements to Visa, MasterCard, American Express or Discover). For your convenience, a personal checking account can be debited a set amount every month.

In many cases, corporate matching gifts may be used to make your Terrapin Club contribution. Please contact your employer to see if you are eligible for a matching gift program.

CONTRIBUTION LEVELS
Recent Graduate $25 (year 1 after graduation)
Recent Graduate $75 (year 2 after graduation)
Bronze $50
Silver $125-$249
Silver 250 $250-$599
Gold $600-$1,199
Diamondback $1,200-$1,999
Super Terrapin $2,000-$4,999
Coaches Club $5,000-$9,999
Top Tpr. $10,000 and More

BOARD OF DIRECTORS

GETTING INVOLVED
Direct Gifts are the most common way of contributing. They are made in the form of cash, stock, checks or credit card (Visa, MasterCard, American Express or Discover). For your personal convenience, a personal checking account can be debited a set amount every month.

In many cases, corporate matching gifts may be used to make your Terrapin Club contribution. Please contact your employer to see if you are eligible for a matching gift program.

MAJOR GIFTS FUNDRAISING

In the Fall of 2006, the University of Maryland publicly launched Great Expectations: The Campaign for Maryland, a $1 billion fund raising effort that will transform the University from excellence to greatness. Intercollegiate Athletics, one of the most visible units of the University will seek to raise a total of $133 million to: (1) enhance and improve competition, practice and training facilities for a number of our teams; (2) fund annual scholarships for student athletes; and (3) endow student athlete scholarships, coaching positions and teams.

A centerpiece of the ambitious Great Expectations fund raising campaign, enhancements to Chevy Chase Bank Field at Byrd Stadium will begin in Winter 2007. Phase One of this project includes the expansion of Tyser Tower along the South concourse, allowing for the addition of 64 luxury suites of varying sizes. Additionally, mezzanine seating for approximately 500 will be added (featuring heated and covered seating and food service); a University Suite with seating for 200 guests; new work areas for television, radio and print media; new work areas for coaches and game day operating staff; a new game-day merchandise outlet; enhanced seating for disabled customers; and a state-of-the-art video scoreboard on the West concourse.

Phase Two includes the installation of railings in the North and South lower bowl to enhance fan safety and comfort; chair back seating in the 200 level on the North side; and additional restrooms and concessions on the South side. The playing field will be lowered to improve sight lines for seats on the first 10 rows, converting those 3,000 seats from obstructed view to some of the best views in the stadium. Additionally, all of the blue roofs in the stadium will be painted.

Future Expansion includes the renovation of Gossett Football Team House to include larger locker rooms and training areas, as well as the transformation of the West End Zone with the addition of nearly 8,000 seats which will bring stadium capacity to approximately 60,000 seats.

This expansion plan is an ambitious one. Critical to its success is the leasing of all available Suites within the expanded Tyser Tower. You can support the proud tradition and future growth of Maryland Football by contributing to the Great Expectations campaign or leasing a luxury Suite at the stadium.

To obtain information on leasing a suite at Byrd Stadium, or any other component of the Great Expectations Campaign for Athletics, please contact the Athletics Major Gifts Office at (301) 314-7020, or toll free at (800) 653-7667, by email at terrapincub@umd.edu, or visit www.GreatExpectationsAthletics.com

THE M CLUB
AN 84-YEAR TRADITION OF “ATHLETES HELPING ATHLETES”SM

The M Club was founded in 1923 by a group of former University of Maryland athletes led by Dr. H.C. “Curley” Byrd to encourage excellence in athletics. It is one of the oldest and most respected letterwinner clubs in the country with an organization of more than 4,500 former Maryland varsity athletes and a leader in the National Letter Winners Association.

The M Club goals are to help achieve the very best overall academic and athletic program for all the varsity teams, to aid the athletes in making positive contributions to the community, to obtain and maintain funds for awards and scholarships and to cultivate networking, social contact and good sportsmanship among the wearers of the “M.”

Membership participation, through the payment of annual dues, helps build the scholarship endowment fund, support student-athletes’ awards and recognition efforts and provide for career development initiatives. Members receive information about the current teams and news about former teammates through a monthly electronic newsletter and a quarterly printed newsletter.

In addition, active members receive information about, and discounts for, various M Club activities. Many benefits are intangible, though, including the satisfaction of having lettered at a great university and being a part of a unique and exclusive organization that is nationally recognized.

University of Maryland letterwinners interested in the M Club should call David Diehl at (301) 314-5372 or Dotti Warren at (301) 314-7020, or visit our website at www.themclub.org.

Remember the M Club, “Athletes Helping Athletes.”

M Club Executive Committee
Helena Bragg, President
Dan McGuire, President Elect
Ed Gregory, Vice President
Marjorie Bolinger, Assistant Secretary
Marshall Fesche, Treasurer
Jack Zane, Historian
Rerald Bechtel, Past President
Lisa Gibson, Past President
Al Najjar, Past President
Chris Rimorin, Past President
Jack Heise, Legal Council
David Diehl, Executive Director
Deborah Yow, Athletic Director
Johnny Holliday, is now in his 29th season as play-by-play voice of the University of Maryland. Holliday has broadcasted more than 1,100 Terrapin football and basketball games, including 10 bowl games, 10 Sweet 16 and two Final Four appearances, including Maryland’s national championship victory over Indiana in 2002.

Holliday’s list of credits includes ABC’s coverage of the Winter and Summer Olympic Games, championship boxing, the USFL with hall of fame member Paul Hornung, The Masters and television coverage of the Liberty and Aloha Bowls. Holliday also co-hosts the Ralph Friedgen and Gary Williams shows on both radio and television. Holliday was public address announcer for the Cleveland Browns, Oakland Raiders, San Francisco Warriors and the Washington Bullets.

In Washington, Holliday hosted the Washington Senators pregame show on the radio with Ted Williams and in San Francisco the Giants pregame show on television. He also handled play-by-play duties for George Washington University basketball, Navy football radio and television coverage of the Washington Bullets and Wizards and hosted a Redskins television show with Dexter Manley, Mark Moseley, Bobby Beathard and Charley Casserly. Holliday also handled television play-by-play duties of ACC Women’s basketball, Baltimore Orioles and national gymnastics events.

Holliday has been honored by Washingtonian Magazine as “Washingtonian of the Year”. His basketball and softball teams have raised in excess of $1.5 million for charity. Holliday has been honored by the University of Maryland with the school’s Distinguished Citizen award, and by the Touchdown Club of Washington with the outstanding achievement in Sports Broadcasting ‘Timmie’ award.

Holliday was inducted into the Radio Television Broadcasters Hall of Fame in 2003. In 2005, he was given the Lindsay Nelson Outstanding Sportscaster award by the All-American Football Foundation, and in 2006 was honored by the National Football Foundation and the College Football Hall of Fame with the Chris Schenkel Award. In 2006 the Catholic Youth Organization named Holliday its National Person of the Year, and the Diabetes Association recognized him as its Father of the Year. Holliday last year was inducted into the Baltimore Sports Media Hall of Fame.

Holliday’s list of credits includes announcing duties for NBC’s “Hullabaloo” and “The Roger Miller Show”, ABC’s “This Week with David Brinkley” and “This Week with Sam and Cokie”, along with ABC radio’s Sam Donaldson Show. Holliday was also seen on the CBS television series “Good Morning World.” His face and voice are one of the most familiar in all of Washington radio and television with hundreds of commercials and narrations to his credits.

Holliday was born and raised in Miami, Fla. Before coming to Washington in 1969 he was a top-rated radio personality in Cleveland, New York City and San Francisco. Before giving up music, Holliday was named America’s number one disc jockey. A visit to the Rock and Roll Hall of Fame in Cleveland will enable you to listen to Holliday during DJ days in Cleveland. Holliday also co-hosts “Catholic Radio Weekly” with Carol Lehan, syndicated radio stations throughout the country.

Holliday and his wife Mary Clare are the proud parents of three daughters, Kellie, Tracie and Moria, three son-in-laws, Steve, Chris and Bob, seven grandsons, J.T., Devin, Anthony, Christopher, Nicholas, Jack and Liam, and one granddaughter Maggie.

MEDIA CREDENTIALS

POLICY

The University of Maryland issues press credentials under the priorities and according to the guidelines set out below. These priorities and guidelines are designed to achieve efficient use of limited space available for working members of the media and of other types of access not enjoyed by members of the public at University of Maryland intercollegiate athletic events.

The University of Maryland Department of Intercollegiate Athletics Office of Media Relations is responsible for administering this policy. Credential requests must be made by sports editors or sports directors online at UMTerps.com no later than five days prior to an event. For more information, contact the Media Relations Office at 301-314-7064.

PRIORITY:

1. Originating radio and television personnel involved in a live television or radio broadcast of a University of Maryland intercollegiate athletic competition.

2. Daily newspapers, wire services, and regional and national publications that regularly and substantially report on University of Maryland intercollegiate athletic competitions.

3. Non-originating radio and television personnel producing reports on a University of Maryland intercollegiate athletic competition. Only local radio stations with a full-time sports director conducting a regular and substantial sports show reporting on University of Maryland intercollegiate athletic competitions receive consideration for credentials.

4. Offically recognized University of Maryland daily student publications and daily student electronic media outlets that regularly and substantially report on University of Maryland intercollegiate athletic competitions; and official websites of Atlantic Coast Conference schools, non-conference opponents, and the Atlantic Coast Conference office.

5. Non-daily newspapers or publications that regularly and substantially report on University of Maryland intercollegiate athletic competitions.

6. Online entities that meet the requirements set out in guideline number 7, below.

GUIDELINES:

1. Season media credentials are issued to those organizations that report on University of Maryland intercollegiate athletic competitions on a regular and substantial basis, as outlined above. Issuance of season media credentials does not guarantee working space in media work areas.

2. With the exception of Terrapin beat reporters reporting on the team on a daily basis and producing daily reports, all passes are approved and issued on a game-by-game basis.

3. Except as otherwise provided for in this Policy, all passes and credentials are non-transferable and are subject to immediate revocation if transferred to any other person, including non-working members of a media organization.

4. Due to limited space and to ensure compliance with NCAA guidelines, credentials will not be issued to “free-lance” writers or photographers without a specific assignment received in writing by the assigning organization.

5. The University of Maryland and the NCAA prohibit the issuance of credentials to representatives of an organization that regularly publishes gambling information, such as “tout sheets” or “tip sheets.”

6. Credentials may be issued to the official websites of Atlantic Conference schools, non-conference opponents, and the Atlantic Coast Conference office.

7. Credentials may be issued to other online entities that: a) have a website and ensure compliance with NCAA guidelines; b) host a website that regularly and substantially reports on University of Maryland intercollegiate athletics; and c) employ for that University of Maryland dedicated website at least one full-time, permanent employee who writes a substantial majority of all material posted on the site. An online entity that is an outlet primarily devoted to the recruitment of student-athletes will not qualify for credentials.

8. All persons picking up credentials will be required to furnish positive identification. No credentials will be issued to individuals under the age of 18.

9. Media Relations may deny or revoke credentials for noncompliance with the Priorities or Guidelines set out in this Policy; for violations of University, Department of Intercollegiate Athletics, NCAA, or ACC policies; and for conduct for which there are reasonable grounds to believe violate state or federal law, or constitute a breach of professional ethics. Any organization that wishes to contest such a denial or revocation shall: a) request Media Relations to provide a written rationale for the denial or revocation; b) submit a written response to that rationale to the Associate Athletic Director for Media Relations; c) employ a university dedicated website at least one full-time, permanent employee who writes a substantial majority of all material posted on the site. An online entity that is an outlet primarily devoted to the recruitment of student-athletes will not qualify for credentials.

CREDENTIAL REQUESTS

Credential requests must be made through Maryland’s online credential manager, which can be found at umterps.com. Requests should be made no later than five days prior to an event. Admission to media facilities are for working media only.

GAME DAY

PRESS PARKING

Parking is located to the north of Comcast Center. It is accessed from the University Drive (Rt. 193) entrance to campus at Paint Branch Drive. Access to the media parking area is parking pass only, and is available on a limited basis.

For lots P1 and P2, after entering campus on Paint Branch Drive, take the first right at Terrapin Trail, and proceed approximately 100 yards to the media parking area on the right.

PHOTOGRAPHY REGULATIONS
All photographers and camera operators must remain seated in baseline photo areas, as per NCAA regulations. Locations will be assigned for more crowded games. Photographer and videographer positions are at the complete and absolute discretion of the basketball game officials and the Maryland media relations office at all times, without exception.

The NCAA has established a policy to control congestion in photography areas. Priority shall be given, in all instances, to photographers and videographers on assignment. Only game photographers (no runners, assistants or producers) shall have access to courtside photo areas.

Strobe lights may be installed in Comcast Center, but arrangements must be made through the media relations office two weeks in advance. Space for strobe lights is available on a first-come, first-served basis.

PRESS SEATING AND MEDIA WORK ROOM
The courtside press area and work room both are at the northeast corner of the arena. Both are available for working media only.

Working space in the press area of Comcast Center is limited and seats are expressly reserved for those working on deadline, with no exceptions. Children and other non-workers are not allowed in the press area.

Located on the court level of Comcast Center, the work room is directly across from the men’s basketball locker room and directly behind the courtside press area. They are connected by the tunnel area adjacent to the loading dock and service entrance on the arena’s northeast corner.

A limited number of long distance phone lines are available in the work room on a first-come, first-served basis, and require a credit card for billing. Dedicated phone lines in the courtside press area are available by placing an advance order with Scott Sargent, Asst. Director of Operations and Facilities, at 301-314-9729.

The work room opens well before game time and media representatives are welcome upon arrival at the arena. A pregame food service is served buffet style. A halftime beverage service is also available. The pregame buffet is available one hour before tipoff.

TELEPHONES
Six complimentary phone lines are available in the Comcast Center press work room, as dictated by ACC policy (calling card or reverse charges required). Additional requests for dedicated lines, either for the work room or courtside, should be directed to Nick Morrow, Asst. Director of Operations and Facilities, at 301-314-7027. List Doug Dull or Jason Yaman as the contact person for all installations.

POSTGAME PRESS CONFERENCE
Postgame press conferences for both head coaches will be conducted at the conclusion of each game.

The Maryland locker room is open to credentialed media for a brief period after Coach Williams concludes his comments to the media. The visiting team’s locker room access policy is determined by officials of that school.

POSTGAME STATISTICS
A statistics packet including running play-by-play, first half and final box scores, and postgame notes and home and visitor head coach quotes, are compiled for each game and made available to the media at press row and in the media work room.

E-MAIL SERVICES
Basketball releases may be obtained electronically by contacting Jason Yaman at jyaman@umd.edu.

IN-SEASON INTERVIEW POLICIES
Maryland players and head coach Gary Williams will be available for interviews with accredited members of the media throughout the season. All interview requests must be made through the media relations office, contacting Jason Yaman. Please give 24 hours notice.

Players’ individual phone numbers will not be given to the media. Players will not be available for live call-in radio shows.

WEEKLY TELECONFERENCE
Beginning on January 7 and continuing through each Monday through the end of the season, the Atlantic Coast Conference will conduct a weekly teleconference featuring all 12 league coaches, beginning at 10:30 a.m.

Each coach will be available to furnish comments and take questions for 10 minutes. Gary Williams is available from 11:20 to 11:30 a.m.

This weekly press conference can be accessed by calling 913-312-6672. There will be an instant replay of each teleconference on the Conference’s internet site, theacc.com each Monday afternoon.

TELECONFERENCE SCHEDULE:
AI Skinner, Boston College 10:30
Oliver Purnell, Clemson 10:40
Mike Krzyzewski, Duke 10:50
Leonard Hamilton, Florida State 11:00
Paul Hewitt, Georgia Tech 11:10
Gary Williams, Maryland 11:20
Frank Haith, Miami 11:30
Roy Williams, North Carolina 11:40
Sidney Lowe, NC State 11:50
Dave Leitao, Virginia 12:00
Seth Greenberg, Virginia Tech 12:10
Dino Gaudio, Wake Forest 12:20

DIRECTIONS TO COMCAST CENTER FROM BALTIMORE AND POINTS NORTH
Take I-95 South to Washington, D.C.’s Capital Beltway (I-495). Take Exit 27 and then follow signs to Exit 25 (U.S. 1 South toward College Park). Proceed approximately one mile south on Route 1; take the exit for 193 West (University Boulevard). At the first light, turn left onto Paint Branch Drive. The Comcast Center will be on your right.

FROM VIRGINIA AND POINTS SOUTH
Take I-95 North to Washington, D.C.’s Capital Beltway (I-495). Continue north on I-95/I-495 toward Baltimore. Take Exit 25 (U.S. 1 South toward College Park). Proceed approximately one mile south on Route 1; take the exit for 193 West (University Boulevard). At the first light, turn left onto Paint Branch Drive. The Comcast Center will be on your right.

FROM VIRGINIA AND POINTS WEST
Take I-66 East or I-270 South to Washington, D.C.’s Capital Beltway (I-495). Go East on I-495 toward Baltimore. Take Exit 25 (U.S. 1 South toward College Park). Proceed approximately one mile south on Route 1; take the exit for 193 West (University Boulevard). At the first light, turn left onto Paint Branch Drive. The Comcast Center will be on your right.

FROM ANNAPOLES AND POINTS EAST
Take U.S. 50 West to Washington, D.C.’s Capital Beltway (I-495). Go north on I-95/I-495 toward Baltimore. Take Exit 25 (U.S. 1 South toward College Park). Proceed approximately one mile south on Route 1; take the exit for 193 West (University Boulevard). At the first light, turn left onto Paint Branch Drive. The Comcast Center will be on your right.

FROM WASHINGTON, D.C. (NORTHWEST/SOUTHWEST)
Take 16th St. North which becomes Georgia Avenue North at the Maryland/D.C. line. Go East on I-495 toward Baltimore. Take Exit 25 (U.S. 1 South toward College Park). Proceed approximately one mile south on Route 1; take the exit for 193 West (University Boulevard). At the first light, turn left onto Paint Branch Drive. The Comcast Center will be on your right.

FROM WASHINGTON, D.C. (NORTHEAST/SOUTHEAST)
Take Rhode Island Avenue (U.S. 1 North) which becomes Baltimore Avenue North at the Maryland/D.C. line. Proceed through the city of College Park. Turn left at the main entrance (the intersection of Route 1 and Paint Branch Parkway). Take the immediate right onto Paint Branch Drive. The Comcast Center will be on your right.
