\*If, during the online **registration** period, more students register than there is a supply of tickets, the loyalty lottery will be run. If fewer students register during the online registration period, all will be able to claim a ticket during the 2-day claim period.

~Students that register for a ticket, and are awarded a ticket, must **CLAIM** the ticket during the 2-day claim period. Students that do not claim the ticket during the claim period will lose the ticket. Students that did not claim tickets by the deadline can use print-on-demand while supplies last.

^**Print-on-demand** occurs when fewer students have registered for tickets than there are tickets available. Print-on-demand will continue until capacity is reached.
