The University of Michigan has been a factor on the national scene in swimming and diving for more than two decades. Michigan has finished in the top 10 at the NCAA Championships 14 of the past 27 years. At the 1995 NCAA Championships, the Wolverines became the first team other than Stanford, Texas and Florida to finish in the top three. U-M finished second to Stanford after claiming the lead after the second day of competition. The team finished just 19 points out of first place, bringing home the silver trophy.
