**Conduct of Meet:** We will follow the NCAA Championships meet format. Events will be circle seeded for the preliminary heats with the top 3 Heats making it back to finals in the 500 Free and 400 IM, the top 4 heats in all 100 and 200 yard races and the top 5 heats in the 50 Free. Only the fastest heat of the 1650 will be swum during finals. All other heats will be swum fastest to slowest at the end of the prelims. Only your top two finishing relays will be scored, but you may enter as many as you want.

***Prelims for all 200 yard relays are optional. Teams need to declare whether they will swim in prelims or finals before the break preceding the relay. The time used for seeding the 200 yard relays will be the faster of the entry time or the prelim time. However, a disqualification in prelims disqualifies the team for finals.***

**Warm-ups:** Continual warm-up/warm-down course will be available throughout the meet.  
The last 35 minutes of warm up may be used for starts and pace in the competition pool.

**Scoring:** Championships scoring will be used. Swimmers may score in 6 individual events and on all relays.
