

NAME THAT TV THEME SONG

- Who:** All Fans in attendance at Women's Basketball Games
- What:** TV Theme Song Music and 4-5 participants
- When:** Halftime of Women's Basketball Games
- Where:** Women's Basketball
- How:** Choose 4-5 fans to participate at center court during halftime. We chose kids (age 11 and up) all the way to older adults for this one. Have an announcer with the contestants who has a list of the TV theme songs your DJ is going to play. (We had our DJ and announcer wired so they could talk to one another) Each contestant gets a 3-5 second sound byte. If they answer correctly they stay in the game, if they are incorrect they are eliminated. If the contestant answers incorrectly the announcer would ask the audience for help. The last player in the game wins a gift certificate to a local restaurant. Great for crowd involvement! Some of the theme songs were already in our DJ music system and many we downloaded from the internet.
