Best Halftime

SPORT(S)

Any

DESCRIPTION

We have done a variety of halftime promotions but there are a few groups that the fans always seem to enjoy, no matter what sport they are performing for. **We do not have a budget for halftime so all of these groups perform for free.** Some of our more popular activities are:

Frisbee Dogs- We've had them come to soccer as well as basketball and the fans love them. The acts are different every time.

Flyball Dog Races- You may have seen these races at NBA games or in a competition on ESPN. Two teams of dogs compete in a relay race where they jump hurdles and fetch a ball. We have a local team that performs for us at basketball, soccer, and volleyball. The fans see this group every year and enjoy the show every time!

Mascot Games- We've expanded our mascot game schedule to include *soccer and volleyball* in addition to basketball. We have an abundance of mascots in the area (Sonics, Mariners, Seahawks, and minor league teams) The fans at these events are mostly kids and they really enjoy the show. We also implemented a "Mascot Mania" event at baseball and softball where the mascots compete in a variety of contests between innings, sign autographs, etc.

Hot Dog USA Jump Rope Team- Once again, we are fortunate to have one of the best youth jump rope teams in the country headquartered in the Seattle area. They travel to competitions around the country and abroad. They perform at a variety of events for us including basketball and volleyball. This group is amazing and the fans love watching the exciting things these jumpers can do. If you have a local team, I highly recommend inviting them to a game.
