Paper Airplane Toss

Drive a car out to mid court and roll down the front windows. Give everyone through the doors a piece of paper to make a paper airplane out of. Then during a 10 second time period everyone must throw his or her paper airplane towards the car. The one whose plane would go through the window first wins the car.

Blind Money Dash

Pick two contestants and blind fold them at each end of the gym. Lay some gift certificates and cash on the court in various places. The contestants have 30 seconds to find as much stuff as they can. The crowd tells them where to go by screaming at them when they get close to the prizes. It is a very amusing contest and the crowd really gets involved when the contestants get close to an item.
