

North Carolina quotes

Head Coach Elmar Bolowich

"Wake Forest is a team that has very few weaknesses. We knew our chances would be limited so we were going to have to be successful when we had the opportunity. I have to give enormous credit to our staff and the team for not caving in and playing a full game. I have to give them enormous credit."

Brooks Haggerty – Junior GK #1

"Wake Forest had a lot of attacks – I am real happy with how our team played. I just concentrated on not letting the ball in, not letting anything in."

"Of course, during the end of the game, I was the most nervous. When I saved Marcus's shot, and tipped it over the goal, I knew we could do this."

Brian Shriver – Senior F #31

"I knew we would be capable to beat them. I don't think they came in with any arrogance. As a team, we didn't let what happened before enter our minds. We've been working hard – if I don't score and we win, I could care less. It's not about individual stats – it is all about the team."
