Friday, September 29, 2017

The University of Notre Dame will host the 62<sup>nd</sup> Annual Joe Piane Notre Dame Invitational Cross Country Meet on Friday, September 29, 2017. Five races will be contested. Blue Division and Gold Division races per gender and one open race. The Blue Division will be the faster of the races and will be contested first.

## ENTRY PROCEDURE

**If you plan to compete in the Joe Piane Notre Dame Invitational, please confirm your intention to compete by August 1, 2017 by emailing [msparks@nd.edu](mailto:msparks@nd.edu). Teams that do not confirm by the deadline will not be able to enter.**

INVITED COLLEGIATE INSTITUTIONS ONLY should enter online using the DIRECT ATHLETICS entry system ([www.directathletics.com](http://www.directathletics.com)). Coaches must have both your username and password in order to use the system. **The entry deadline is 3:00PM eastern on MONDAY, SEPTEMBER 25, 2017. Late entries will not be accepted for any reason.**

The Men's and Women's Blue Division and Gold Division races are strictly TEAM RACES – NO INDIVIDUAL ENTRIES. **Each team will be limited to NINE (9) runners in the team races. You may enter up to 15 runners on your entry roster, but only 9 will be allowed to compete in the Division races. The additional runners on your roster over the 9 limit will be placed in the Open Race.**

Schools may run individuals listed on their rosters who are not in their top nine in the 3:30 PM Open Race. No unattached or post collegiate runners will be allowed to compete in any race. You may make corrections to your roster up until the entry deadline. After the deadline, you CANNOT make any changes using the online system. There will be a process for substitutions on race day.

**The race fields will be finalized and posted on Monday, September 25, 2017 in the evening.** It is our goal to provide a great inter-regional competition for top teams hoping to garner "at large points" for NCAA qualifying purposes. Therefore, we will limit the field sizes of the Blue Division races to provide safe and competitive racing conditions.
