CCHA Preseason Picks

The Central Collegiate Hockey Association (CCHA) opened the 2006-08 college hockey season with its annual Media Day at Detroit's Joe Louis Arena on September 25. The conference announced its annual coaches and media preseason polls along with a preseason all-CCHA team. The results of both polls:

Irish Hockey on ESPN Radio 1490 WDND

Notre Dame hockey games will be broadcast during the 2007-08 season by **ESPN Radio 1490**, South Bend's Sportscenter with live internet broadcasts also available via the Notre Dame Athletic Department's official website (www.und.com).

Mike Lockert

Back for his sixth season behind the microphone is the voice of Notre Dame hockey, Mike Lockert. A Los Angeles native, Lockert also has worked the past five seasons in baseball public relations and play-by-play, spending four seasons with the South Bend Silverhawks, a Class-A affiliate of the Arizona Diamondbacks and this past year with the Southern Illinois Miners in the independent Frontier League.

Lockert's energetic style brings out the excitement of Irish hockey every weekend home and away.

The voice of the Irish earned his hockey broadcasting start during the 1999-2000 season as the play-by-play man for the Huntington Blizzard of the East Coast Hockey League (ECHL).

Prior to joining the Silverhawks in 2002, Lockert worked as a national talk show host on the Cable Radio Network.

He also has hosted several radio shows in his hometown of Los Angeles and has served as host for UCLA pre-and post-game shows and the Los Angeles Clippers halftime show.

Lockert attended California State University - Los Angeles, where he majored in broadcast communications. He resides in South Bend.

For interviews and information, contact the Sports Information Office at (574) 631-7516. Requests to interview student-athletes should be made at least 24 hours in advance.

Credentials for home games can be obtained by contacting the Sports Information Office 24 hours prior to game time.

Radio stations wishing to broadcast from the Joyce Center must inform the SID office two weeks in advance. As per CCHA guidelines, one courtesy radio line is provided for visiting CCHA opponent radio stations.

Additional phone lines can be made available by calling Carolyn Rush of the Notre Dame telecommunications office, at (574) 631-6014.

The "Points of Emphasis section calls attention to certain areas of the game that the NCAA Ice Hockey Rules Committee believes must be improved, not through additional rules but by a stronger emphasis on existing rules. The rules committee requests that players, officials and coaches concentrate on the following areas:

Standard of Enforcement – The committee is generally pleased with the overall standard of enforcement, which is intended to allow for the speed and skill of the game to be rewarded. However, the group also believes embellishment is becoming a common tactic used to take advantage of stricter enforcement and urges coaches and conferences to address this issue if possible. Additionally, the NCAA standard of enforcement will continue to focus on simplifying the understanding of the standard and encouraging a consistent, strict level of enforcement relating to impeding and obstruction fouls that take away a gained advantage.

Goalkeeper Freezing The Puck (Rule 4-7-e, Page HR-47) – This was a point of emphasis last season with limited success. The committee firmly believes there are too many stoppages granted to goalkeepers when play should continue.

Change of Players (Rule 2-5-b, HR-25) – The committee believes the line change procedure, which was implemented to speed player changes and limit dead time in the game, has become relaxed in recent seasons. Officials must follow this protocol as listed in the rules book.

National Anthem (Rule 8-2-e, HR-93) – For the image of the game and respect for our nation, the committee asks coaches to instruct players to remain motionless throughout the national anthem(s), just as those in the crowd are asked to be respectful. As a reminder, if a color guard is present, players are to remain on the blue line until the color guard has left the ice surface.
