

## **Political Campaigning and Other Non-University Events on Game Days**

Section 3.4.3 of the University of Oklahoma Board of Regents Policies and Procedures prohibits the University's endorsement of any commercial product, program, enterprise, or idea. A direct result of this is the prohibition of any political signage implanted in, posted on, or otherwise affixed to University property. This prohibition in no way interferes with the right of students, faculty, staff, and fans to otherwise engage in the political process, subject to other governing policies and procedures.

Further, the University policy governing the use of University facilities for non-university purposes (See <http://www.ou.edu/contracts/#FACILITY%20USAGE> ) prescribes that facilities and outdoor properties for non-University purposes are restricted to the following locations on the day of an event or any rally for the event:

- A portion of the Lloyd Noble parking lot, except during an event held at the Lloyd Noble, at which time a portion of the Gymnastics Center parking lot may be utilized; or
- A portion of the University Duck Pond; or
- A portion of the property in front of the Bizzell Statue; or
- A portion of the Dale Hall parking lot.

Because space is limited, non-University events shall be scheduled on a first-come, first-served basis determined by the date the individual or group executes all relevant documents, provides evidence of adequate insurance and submits all such documents to the Office of Administration and Finance, Real Estate Operations in accordance with the terms of the policy.

No picketing, leafleting, sign, displays, or peddling shall be permitted within 300 feet of the facility hosting the event (i.e. football stadium) on the day of the event.
