“Pursuing a career in athletics has been a dream of mine for as long as I can remember. Growing up I have always been involved in sports and athletics has become a major role in my life personally. It never ceases to amaze me how athletics is a big melting pot. No matter what background a person comes from, we can come together and cheer for our team. Atmosphere is everything in sports and that is what attracts me to it so much.”

“Words cannot express how grateful I am in being a part of the Athletic Diversity Council Graduate Assistant program. This program will enable me to work in a field that I love and am passionate about while gaining personal and professional growth. I truly believe that my time at the one and only University of Oklahoma will be a once in a lifetime opportunity!”
