

OREGON STATE GYMNASTICS CAMP

JULY 8-12, 2013

The Experience: The focus of the camp is to instruct campers in the current techniques and proper progressions involved in gymnastics. The camp is designed to handle campers with limited experience while at the same time offer a challenge to the competitive gymnast. Campers will be placed in groups according to age and ability. A small gymnast-to-coach ratio guarantees plenty of individual instruction by the staff.
