

Providence vs. Dartmouth
November 18, 2008
Dunkin Donuts Center

#2 Marshon Brooks

Did you guys make an effort today to take the ball to the rim? It seems like you guys were attacking the hoop a lot more than you usually do.

“Definitely, we wanted to get to the free throw line. We made it there 46 times. We wanted to make more free throws than they took. That’s where Keno set our goals. Make more free throws than the other teams take and you’ll be alright.”

How do you feel coming off the bench?

“Coming off the bench, I love it! You get to see it, I’m still young and I get to see what’s going on out on the court. I just go out there and watch Weyinmi [Efejuku]. I usually come in for him and I just play hard. That’s my role on the team.”

#32 Randall Hanke

Commenting on how he played tonight-

“I thought I played well. The main thing for me is that I rebounded well and played pretty good defense. The rest of my game kind of came naturally after that. The main thing for me is to rebound well and I got to the free throw line.

Commenting on scoring under the basket-

“I felt more comfortable and I got the ball in good scoring position. And the guys did a good job of looking for me in driving position. With the guards and also Geoff McDermott, I just stayed ready.”
