ABOUT THE CAMPS

Our goal is to help develop a complete and well-rounded basketball player. We teach our students the fundamentals of the game in a fun and energetic atmosphere. We stress confidence, teamwork, effort and sportsmanship which we feel are important ingredients in achieving success not only on the court but also in life.

Our camps offer an opportunity for all athletes, regardless of age or ability, to participate in an exciting week of basketball training and game participation. To maximize learning, all campers are evaluated and placed in groups of similar skill ability.

Athletes who want to improve their skills will find many opportunities at our camp to learn hands-on from PC players and coaches.

Campers can look forward to excellent 1-on-1 instruction, guest speakers, pool time, free time, daily contests, special situation games, tournament games, and meeting new friends.
