SHOOT-A-THON!!

Leavey Center, May 26th from 6-9pm

Sponsor Sign-up Sheet

How the Shoot-a-thon works:

1. Each sponsored shooter will shoot a total of 100 shots; 50 shots will be perimeter shots and 50 shots will be lay-ups. It is at the discretion of the shooter as to what order the shots will be taken.
2. Each made basket is worth 2 pts. thus, each shooter can earn up to 200 pts.
3. Pledges may be made as flat $ amounts or as a $ amount per shot made.
4. There is no time limit to complete the 100 shots.
5. At the end of the evening, the top point scorer from the SCU Women's team and the top "Non-player" scorer will face off in a championship match.

In the past, SCU Women's Basketball shooters have made an average of about 80 shots out of 100. Four your aid in donating, we created a chart estimating several possible amounts that might result should you choose to sponsor by a $ amount per shot made:
