

NCAA Division I 2005 - 2006 Academic Progress Rate Institutional Report

Institution: Sacred Heart University

Date of Report: 01/25/2007

This report is based on academic progress rate (APR) data submitted by the institution for the 2003-04, 2004-05, and 2005-06 academic years. The multiyear rate will be reported publicly in 2007. Institutions are encouraged to forward this report to appropriate institutional personnel on campus.

[Note: All information contained in this report is for three academic years only. This may lead to small sample sizes within certain sport groups. The NCAA anticipates reporting data only on the basis of a four-year rolling rate for all sports when four years of data are available. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report for cells made up of three or fewer students without student consent.]

* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR

N = Number of student-athletes represented

^ Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body or based on institutional, athletics and student resources.

+ Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 925 for that team to be subject to contemporaneous penalties. Squad-size adjustments will be eliminated when the fourth year of APR data is collected, provided the team's multiyear cohort includes 30 or more student-athletes.

@ Denotes APR that does not subject the team to historical penalties due to the team's demonstrated academic improvement and favorable comparison based on other academic or institutional factors.

~ Denotes APR that does not subject the team to historical penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to historical penalties. Squad-size adjustments will be eliminated when the fourth year of APR data is collected, provided the team's multiyear cohort includes 30 or more student-athletes.

% Denotes APR based on a one year cohort, not subject to a historical and/or contemporaneous penalty.

! Denotes APR based on a two year cohort, not subject to a historical penalty.
