

2003 University of San Francisco Baseball Alumni Locator Program

Once again, a nation-wide search is underway to locate and contact as many USF baseball brothers as we can. Letters just like this one are being sent to every alumnus that we currently have in our database, but we need your networking assistance. We're sure that it will mean just as much to the alums as it does for us to reintroduce ourselves to former teammates that haven't heard from the program since they graduated. Our hope is to get back in touch with as many of your former teammates as possible so that this coming alumni game is a standing room only event. If you share the vision of having two to three hundred alumni at our next event then all you need to do is fill out the form below with as much information as you have. Even if you're sure that we have someone in our system, please include him. They may have new contact information that we don't know about. We truly appreciate your support and help in this campaign. We'd love to hear from you anytime, so don't hesitate to pick up the phone and call us at anytime.

Sincerely,
