PROGRAM ENHANCEMENTS TARGETED BY THE 6TH MAN CLUB

Updating of Team Locker Room

The Bonnies' team locker room has received little updating since it first was built in 2002. There is a need to replace the current television with flat panel, high definition televisions as well as new DVD players. The lounge area also needs new, more attractive furniture as well as wall murals and photographs. All of these enhancements will make the locker room more attractive to recruits and more enjoyable for the current players.

Charter Flights

The Bonnies are considering the possibility of chartering two flights in 2007-08 season. The advantages of a charter flight over commercial flights or buses are clear – the ability to travel much more comfortably and in a dramatically shorter amount of time, leading to far fewer missed classes. The team would be able to return to campus the same evening as their game so the players could sleep in their own beds that night and be fresh for classes the next morning, rather than bus home through the night or be forced to stay overnight in a hotel and fly back to campus the following day. Sixth Man Club donors who fund the charter flights will have the option of joining the team on that trip

FROM COACH MARK SCHMIDT

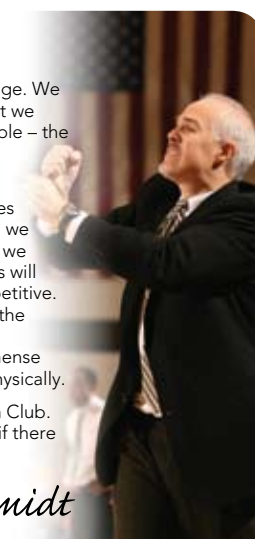

I am so excited to be the basketball coach at St. Bonaventure. I relish the opportunity and the challenge. We need to bring St. Bonaventure Basketball back ... but we cannot do it alone. We need the help of a lot of people – the fans, the students, the community, the alumni.

That is also where the Sixth Man Club comes in. The Sixth Man Club excites me because of the possibilities it holds. To be honest, we cannot do all of the things we want to do with our operating budget. That is where we look to the Sixth Man Club members. Your donations will help us do some things that will make us more competitive. I am very committed to the locker room project and the charter flights that we highlighted on this page. The academic advantages alone make chartering an immense help, not to mention the advantages they provide physically.

I ask that you strongly consider joining the Sixth Man Club. Thanks very much and please do not hesitate to ask if there is something we can do for you.

Go Bonnies!

Coach Mark Schmidt

NOTE: A portion of your gift may not be tax deductible based on premiums claimed.

On June 18, 2007, the Board of Trustees authorized the creation of a 5% gift administration assessment on all gifts other than unrestricted Bonaventure Fund contributions and ineligible grants.

This does not change the amount of your charitable contribution for tax purposes. The total amount of your gift is tax deductible.

WHAT 6TH MAN CLUB MEMBERS ARE SAYING

About the Bonnies Road Experience:

"What a terrific experience it was to not only meet the team up close, but break bread with the players and coaches, attend a pre-game meeting that lets you know the strengths and weaknesses of the opponent, have prime seats for the game and then again, have a post-game meal with the team. I was very impressed by the preparation of all the coaches and how easy they made the experience. The staff really made you feel like part of the team! For this experience alone, I would highly recommend being a member of the 6th Man Club."

- Steve Harrison

"The road trip with the Bonnies is a truly unique benefit of the 6th Man Club. In a matter of hours, you move from being a fan to feeling you are a part of the team. We attended a pre-game practice, a strategy session and had three meals with the team. It gave us a much better perspective on what it takes to run a quality, D-1 program."

- Jim Gould
