

NUMBER ONE IN WOMEN'S BASKETBALL CHAMPIONSHIPS

Still the  
 **ONE.**

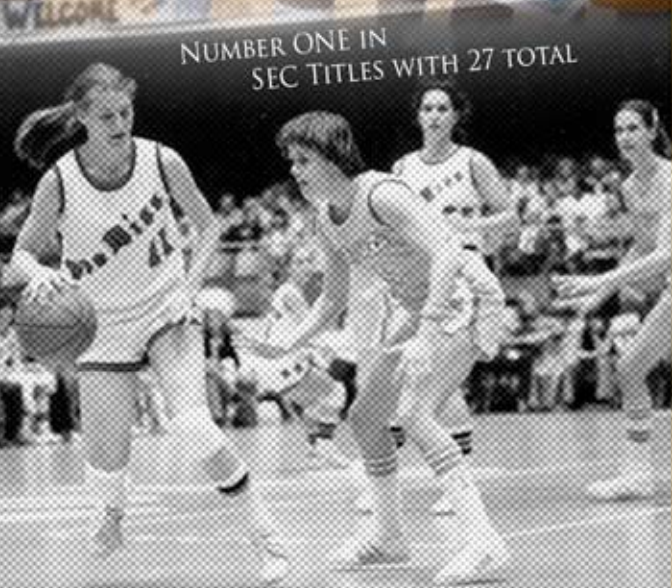

COACH SUMMITT IS NUMBER ONE IN WINS

# Still the ONE.

**When you think about women's basketball over the last three decades there is ONE name that is at the top of the list...the Tennessee Lady Vols.**

The Lady Vols boast the nation's winningest coach Pat Head Summitt as their passionate leader. Under Summitt's leadership the Lady Vols have claimed the number ONE spot in many categories from the 8 NCAA National Championships to the most women's basketball All-American Honors to the staggering 27 Southeastern Conference tournament and regular season championships.

**Be ONE of many of the greatest fans in the land and reserve your seats for the nation's Number ONE program!**

NUMBER ONE IN  
SEC TITLES WITH 27 TOTAL

FIRST SEC TITLE GAME, 1980

## Faculty/Staff Tickets

University of Tennessee (system-wide) faculty and staff can purchase Reserved Seat Tickets in the 100 level, 200 level end zone or 300 level at a 20 percent reduction. Limit of four per account and valid only on regular season tickets.

## Coca-Cola Six Pack

The best six home games of the season are all in one place—the Coca-Cola Six Pack. Since most of the games are on weekends, the Six Pack is ideal for out-of-town fans. Games to be announced after September 1, 2009.

## Group Tickets

Hoops are always more fun in groups. Invite 25 or more of your friends to the game and your tickets are only \$7 each. Ask about the Group Ticket online window and make ordering easier than ever!

## Single Game Tickets

Pick your favorite game and join the fun!

Reserved Seats - 100 Level - \$20 / 300 Level - \$15

General Admission - \$10

*Take advantage of the print at home feature, order online.*

## Parking

Please contact the Lady Vol Department Office at 865-974-1218 regarding season parking pass options. Parking passes are sold to Lady Vol donors only. Parking lots near the arena are reserved for donor parking permits only. We encourage all non-donor ticket donors to park at the UT AG campus off of Neyland Drive and ride the FREE shuttle to Thompson-Boling Arena.

## Family Plan Season Tickets

Looking for the ideal place to spend family time together? Purchase a minimum of four (six maximum) Season Tickets and enjoy Lady Vol hoops for only \$120 per ticket for lower section seats and \$90 per ticket for seats in the upper level. Family Plan seats are renewable and will be located in sections 113, 129 and 300 level. A donation is not required for Family Plan seats; however, Lady Vol Donors will be seated first. All non-donors will be seated based on the date their order is processed in the ticket office.

## Junior Vols Club

The first 50 Jr. Vols Club members (formerly known as Pat's Pals) at each Lady Vol game will get a chance to welcome the basketball team onto the court at every regular season home game. Members receive a free T-shirt, membership card, monthly newsletters, great perks and other UT goodies. Membership is \$25 for the first child and \$20 for each additional child. Membership does not include a ticket to the game. To enter the game you must purchase a ticket. Call 865-974-1734 to join.

# Priority Point System

## Boost-Her-Club

Join the Lady Vols Boost-Her-Club and attend Lady Vol events, take part in fundraising for scholarships and more. Contribution options include cash, gifts-in-kind and deferred gifts (wills, charitable trusts).

For more information visit [www.boost-herclub.com](http://www.boost-herclub.com)

The Lady Vol Boost-Her-Club uses a unified point system to determine distribution of tickets that includes seat allocations, seat changes, new season ticket purchases, and post season and priority point credits will be given to all women's athletics department donors.

The point system will be used for all Lady Vol post-season (including SEC and NCAA) events involving ticket allocations for all sports.

## How to Get Points?

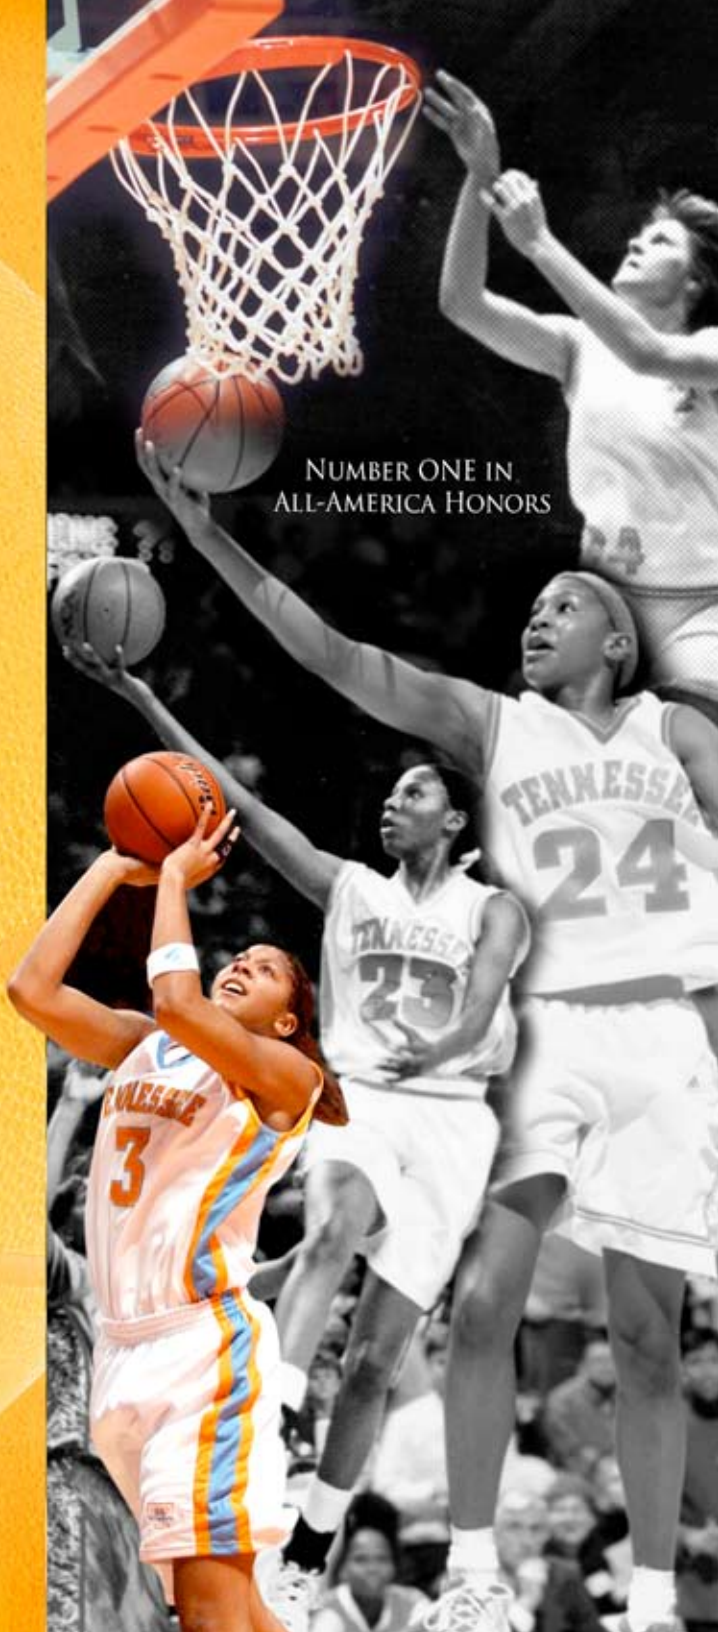

- 1 pt. .... Awarded for each \$100 donated to Women's Athletics since 1976
- 1 pt. .... Awarded for each \$100 donated to endowment funds since 1976
- 5 pts. .... Awarded for each consecutive year of giving since 1976
- 20 pts. .... Awarded when a donor contributes 20 consecutive years (one-time award)
- 50 pts. .... Awarded to Lady Vol varsity letter winners (one-time award)

## When will the system be used?

Points will be calculated for all Lady Vol donors when assignments need to be made regarding tickets, parking, and special events:

In the distribution of tickets, the University of Tennessee will assign a portion of its allotment for official University purposes (i.e. player guests, coaches, and official travel party).

Per women's athletics department policy, season tickets holders in each sport have the first opportunity to purchase special event tickets in each of the respective sports (i.e. Final Four, College World Series).

NUMBER ONE IN  
ALL-AMERICA HONORS

## 1. When did the donor ranking system take effect?

August 1, 2007, the system was applied to the allocation of available season tickets, parking passes and ticket upgrades in all Lady Vol sports and to post season events in all sports, affecting high ticket demand events such as the Final Four and the College World Series.

Donors will be notified in advance of associated deadlines of any modification of the point system deemed necessary by the women's athletics department.

## 2. Why did the Lady Vols change to a point system?

The Lady Vols only considered total yearly cumulative giving and annual membership level in determining how to allocate benefits prior to July 2007. Many donors, especially long time givers, felt that the length of service should be counted as well. The point system enables the Lady Vol donors to receive credit for such things as the number of years they have been giving, beginning in 1976 to women's athletics, and even award points to varsity letter winners.

The point system primarily measures two factors: Points are awarded based on consecutive years of giving to women's athletics (regardless of giving level), and total contributions.

## 3. In monetary terms, how are points allocated, i.e. what is the value of one point?

One (1) point per \$100 given (i.e. \$1000 donation is recognized with 10 points).

## 4. What are some of the priorities determined by the point system?

The point system, as well as a donor's annual gift level, will determine priority to purchase and location assignments for new ticket orders and change requests for Lady Vol season tickets, SEC and NCAA tournaments, parking passes for Lady Vol sports, and any other situations when donor requests must be prioritized.

## 5. How/When are points being awarded?

Points are awarded to a donor's membership when the contribution funds are actually received in the Lady Vol office.

## 6. Does the point system affect my current season Women's basketball ticket location?

No. Current athletic department policy enables a donor to receive the same seat assignment provided that the donor continues to make his/her annual contribution and meets all associated deadlines.

## 7. What's the difference between my point total and my rank?

Your point total determines your rank among other Lady Vol donors. The higher the point total, the "better" the ranking. In other words, the Lady Vol donor with the most points is ranked one (1) out of all 6440 Lady Vol donors (as of May, 2009).

## 8. When is the rank determined?

After all gifts have been received and recorded each year, the Lady Vols will rank donors for the purpose of benefits associated with the upcoming seasons. These benefits include new season ticket orders, change requests, parking pass locations, and special events. The Lady Vol rank will be used to determine basketball seat assignment, seat changes and parking for the upcoming season. Finally, the Lady Vols will rank all donors to determine priority for basketball postseason tournaments and other sports when necessary.

## 9. How are matching gifts from employers affected by the pointy system?

As long as the matching gift form is correctly completed and included with the gift, the donor is recognized at the membership level qualified for by the total pledge. However, points from matching gifts can only be awarded when that matching donation actually arrives. For example, a donor sends a \$500 gift on February 5th along with a matching gift form which will enable the Lady Vols to receive another \$500 from the donor's employer. The total gift will be \$1000 and the donor is immediately recognized at the Director's level. The membership receives five (5) points from the \$500 contributions as soon as the gift is recorded. However, the donor cannot receive the five (5) points from the employer's contribution until that contribution is actually received, which, in some cases may take several months. Matching gift donors are urged to send their contributions and match forms in to the Lady Vol office as soon as possible to accelerate the receipt of the matching gift.

LADY VOL BASKETBALL IS THE ONE PROGRAM TO HAVE AN OLYMPIC PLAYER ON EVERY ROSTER SINCE ITS INCEPTION
