

Division II Quotes

Western Washington Head Coach John Fuchs

On winning three consecutive Division II National Championship:

"It's pretty amazing that we have been able to put up that kind of success. When you work hard, good things happen. We really don't go into the season thinking about winning three in a row. We look at each season individually, take it race by race and just try to do the best we can with the athletes we have. I'm really proud of the hard work this team has put forth all year. It's a really great group and they should be very proud of themselves. They have a lot to be proud of."

Western Washington Captain Lindsay Mann-King

On winning three consecutive national championships:

"It's really cool. It was a really great accomplishment for us. We were very aware that we were making history, but there's definitely more to reach for."

On being captain of the team:

"It was a really cool position to lead these eight amazing women and for them to allow me to lead them."

Western Washington Assistant Captain Metta Gilbert

On winning the Division II National Championship:

"Everything today was a good representation of all the work that we have put in since September. We've got a great team, and our chemistry is amazing. Every practice, we give it all that we have. There is no girl (on this team) who ever leaves practice that feels like she has never given it her all. Our team is amazing. Our coaches are amazing. We are very self-motivated. It is a euphoric feeling to win again. I've still got a year left. It's a huge benefit for us to be able to go against Division I schools, like Gonzaga, each year."
